Brain Games: You Know More Than You Think You Do - and a Whole Lot Less

What: The Department of Health Services and Promotion is hosting a lecture entitled “Brain Games: You Know More Than You Think You Do – and a Whole Lot Less.”

We all make choices every day. Most of us believe that we make those choices on a rational, factual basis. But are they? Can subtle messages and patterns influence your beliefs and choices? Dr. Mobley will discuss experiments and games that may cause you to rethink what you are absolutely sure of.

Who: James Mobley, MD, MPH, FAAFP, Lecture
Department of Health Services and Promotion

When: Monday, September 28th, 2015, 4:30 – 5:30 PM

Where: College of Humanities and Social Sciences (CHSS) C070

James A. Mobley, MD, MPH, FAAFP

Dr. James Mobley (Mah’ blee) is president of Medical Arts Clinics and Health Authority for San Patricio County. He is chair of the Regional Health Awareness Board for Corpus Christi, Nueces County and San Patricio County. He teaches epidemiology at Sam Houston State University.

Dr. Mobley was born in Tulsa, Oklahoma and graduated from Texas A&M University with a BS in Zoology. He received his medical degree from the University of Texas Medical School at San Antonio in 1973 and earned a Master of Public Health in Epidemiology from Texas A&M School of Rural Public Health in 2013.

He received his commission in the Army Medical Service Corps from Texas A&M University in 1969. After Medical School he was transferred to the Army Medical Corps. He retired from the U.S. Army with the rank of Brigadier General after 38 years of service. He was commanding general of the 807th Medical Command, U.S. Army. He has received the Distinguished Service Medal, the Legion of Merit and the Meritorious Service Medal with 3 oak Leaf Clusters. He has received the Order of Military Medical Merit from the Army Medical Regiment.

Dr. Mobley is board certified in Family Medicine and is a Fellow of the American Academy of Family Practice. He has special training in Clinical Hypnosis, Treatment of Sexual Dysfunction, Nuclear Weapons Accidents, Biological Warfare Incidents and workplace drug testing and rehabilitation programs.

Dr. Mobley lives with his wife of 48 years, Barbara in Portland, Texas. He is a member of the First United Methodist Church, Portland and is the advisor for Medical Explorer Post 132, Boy Scouts of America, a medical careers club. He has received the Silver Beaver Award from Boy Scouts of America. He is also a member of the Veterans Band of Corpus Christi.
