

Sam Houston State University Calculus

Required Textbook: Jon Rogawski's *Calculus: Early Transcendentals*, 2nd edition

Ordering Options:

- 1) **Sam Houston State Bookstores:** A special package option has been selected, including the combined three term hardcover version of the text with access cards to CalcPortal (see below) for no additional charge.
- 2) **CalcPortal (stand-alone):** <http://portals.bfwpub.com/calculuset2e.php>
If you decide to purchase CalcPortal stand-alone, it will not include the printed textbook. You would solely be relying on the Ebook as your source for the textbook. To purchase CalcPortal, you click on the website above and choose "purchase". Once you fill out the form, you will have student access to the portal and Ebook.

About the text:

www.whfreeman.com/mathematics

Jon Rogawski's *Calculus: Early Transcendentals*, 2nd edition incorporates the authors own classroom experiences, as well as extensive feedback from many faculty in the mathematics community and students like you. With this text, you will learn about the relevance calculus has to your lives and future studies. Precise mathematics, vivid examples, colorful graphics, intuitive explanations, and extraordinary problem-sets all work together to help you grasp a deeper understanding of calculus. This text has also been enthusiastically recognized for its meticulous pedagogy and careful balance among the fundamental pillars of calculus education: conceptual understanding, skill development, problem solving, and relevant, real world applications.

About CalcPortal:

www.yourcalcportal.com

CalcPortal integrates a rich suite of features designed to help you complete your homework and study calculus at your own pace. CalcPortal includes three main parts: a complete **eBook**, a complete set of text **Resources**, and the **Assignment Center**.

CalcPortal's fully customizable **eBook** includes a variety of study tools integrated into the text. Rather than just a PDF, this eBook allows you to take notes, highlight, search by topic, and link to a variety of resources.

CalcPortal also includes large variety of learning resources. **Resources** include:

- Dynamic Figures
- Student Solutions Manual
- ExamplePlus
- Interactive Applets
- Additional Content
- and much more!

The **CalcPortal Assignment Center** allows you to complete assigned homework with a few clicks of the mouse. You can also track your assignments (due dates, completed assignments, grades, etc.).
