*Happy New Year!*

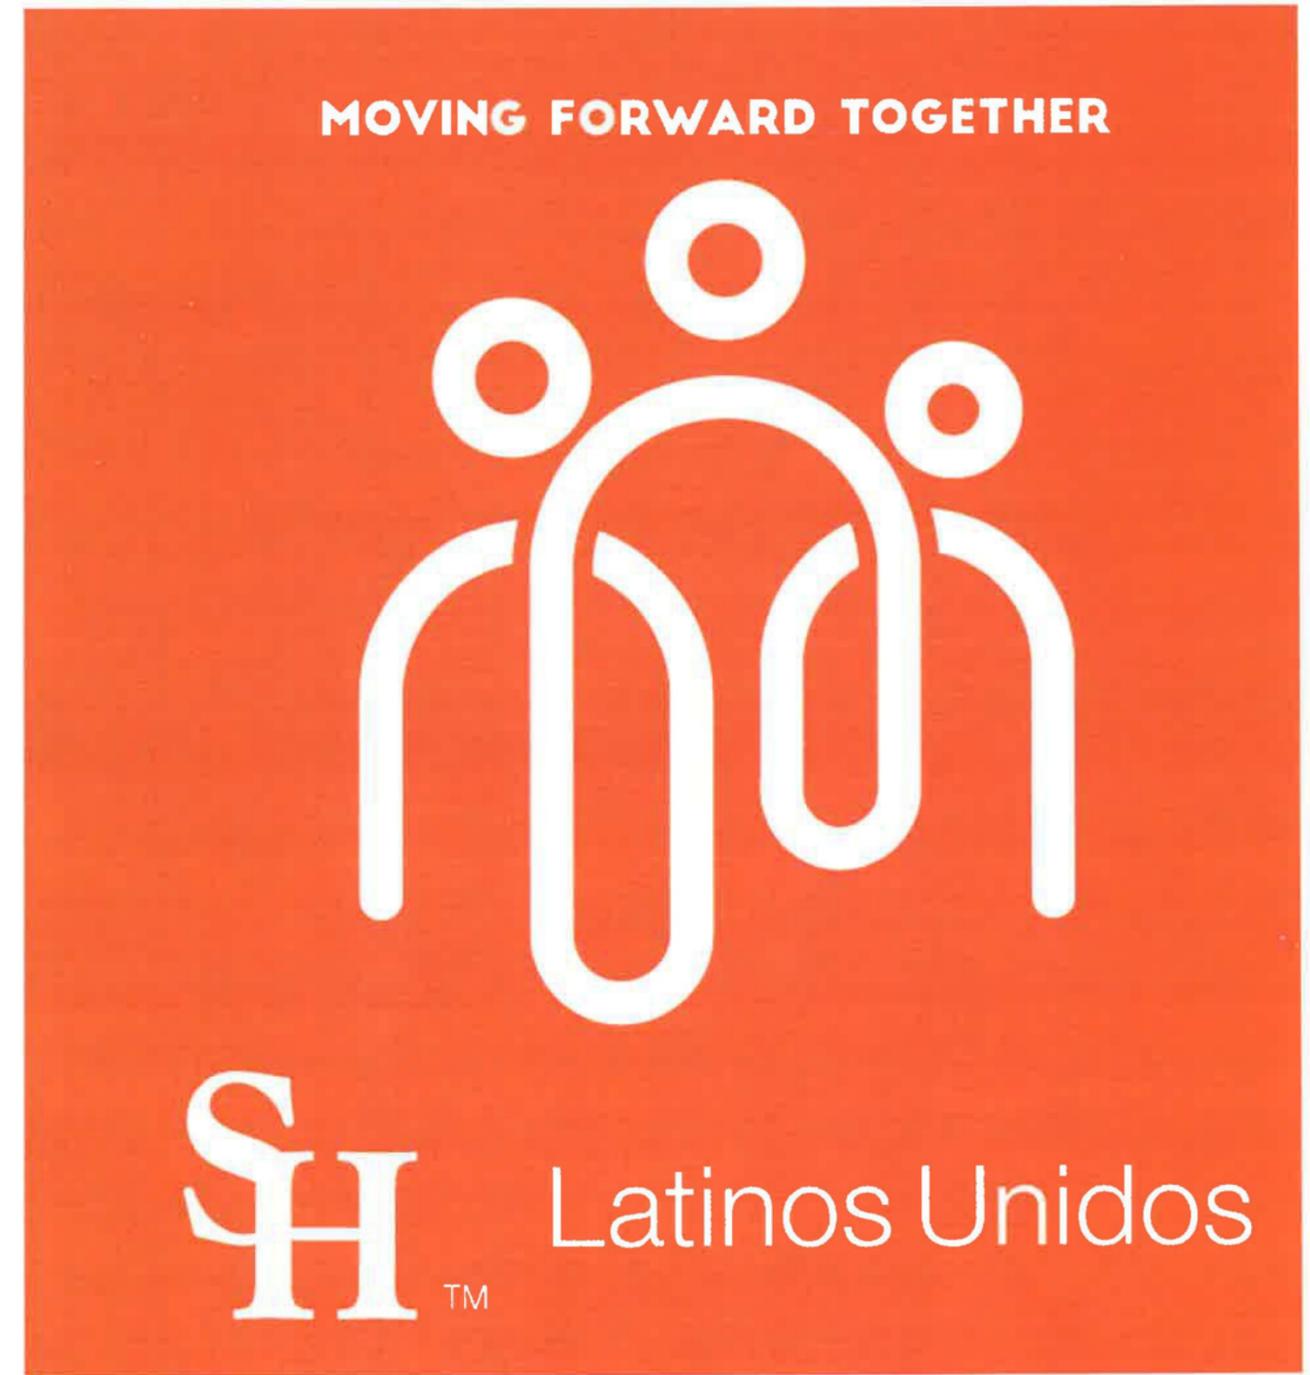

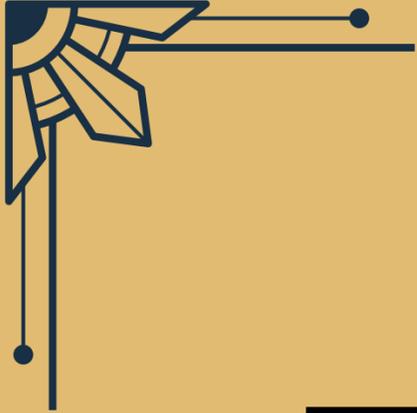

# Our Mission

*Latinos Unidos* is a network of support, recruitment, and retention of Hispanic/Latine staff and faculty to increase representation, promote our community, and create an environment to foster the diverse talents of Hispanic/Latine individuals and thereby, contribute to the success of Sam Houston State University's mission and goals.

# Our Vision

**Latinos Unidos** plays a critical role in the education and success of the Hispanic/Latine community at Sam Houston State University. Being a Hispanic Serving Institution (HSI) is a clear indication that the very makeup of our constituents has shifted. For Hispanic/Latine enrollment to grow and thrive, the composition of Hispanic/Latine staff and faculty must also grow and thrive. **Latinos Unidos** encourages the support, development, recruitment, and retention of Hispanic/Latine staff and faculty.
