1. Reporting Abuse and/or Neglect

Reporting suspected child abuse or neglect is mandatory. A person having cause to believe that a child’s physical or mental health or welfare has been adversely effected by abuse or neglect by any person shall immediately make a report to:
   - Any local or state law enforcement agency;
   - Texas Department of Family and Protective Services (DFPS) at 1-800-252-5400; or
   - University Campus Police at (936) 294-1794; or
   - The state agency that operates, licenses, certifies, or registers the facility in which the alleged abuse or neglect occurred.

If a professional (as defined by Section 261.101, Texas Family Code) has cause to believe that a child has been or may be abused or neglected (as defined by Section 261.101 or 261.401, Texas Family Code) or that a child is a victim of an offense under Section 21.11, Penal Code (Indecency with a Child), the professional shall make a report not later than the 48th hour after he or she first suspects abuse, neglect or other infraction. A professional may not delegate to or rely on another person to make the report.

Any individual who witnesses, either a child in imminent danger or a crime against a child in progress should immediately call 911. The designated individual shall make a report in the manner required by this paragraph if he or she has cause to believe that an adult was a victim of abuse or neglect and determines, in good faith, that disclosure of the information is necessary to protect the health and safety of another child or an elderly person (as defined by Section 48.002, Texas Human Resources Code).

The person making a report shall identify, if known (1) the name and address of the child; (2) the name and address of the person responsible for the care, custody or welfare of the child; and, (3) any other pertinent information concerning the alleged or suspected abuse or neglect.

The requirement to report applies without exception to an individual whose personal communications may otherwise be privileged, including an attorney, a member of the clergy, a medical practitioner, a social worker, a mental health professional, an employee or member of a board that licenses or certifies a professional, and an employee of a clinic or health care facility that provides reproductive services.

Suspected child abuse or neglect must be reported when a person learns of an allegation. Failure to comply with the reporting requirements of this policy is a violation of state criminal law and may subject faculty, staff or students to disciplinary action, up to and including termination or expulsion.

New University employees and designated individuals must complete the training within the first thirty (30) days of employment.

A Program Director for camps and/or programs involving youth (camp designees) must provide the SHSU Camp Office the name and dates of each camp/program and a list of all camp workers no later than ten (10) business days prior to the start of the camp. All camp workers must complete the online Sexual Abuse and Child Molestation Awareness training and examination and criminal background check prior to working at a camp. The SHSU Camp Office provides the Human Resources Department with a list of camps, camp workers, and dates the training was completed. The Human Resources Department initiates a criminal background check based on the list of camp workers. The Associate Vice President for Human Resources and Risk Management or designee will file the “Camp Program for Minors Information Form” which is available on the Texas Department of State Health Services website (http://www.dshs.texas.gov/cpm/forms.shtm) in accordance with state law.

**Immediate Threat to a Minor**

Any employee who suspects that an incident of child abuse or neglect has occurred or is likely to occur as a part of a Campus Program for Minors or within the university environment, shall immediately call 911 (where that service is available) and the University Police Department (UPD) to ensure the fastest possible response time to protect the child. The person reporting should provide, where possible:

- The child’s name, description, age and address
- The name and address of the person responsible for the care, custody or welfare of the child
- Any other information to help authorities assist the child (who, what, when, where).

**Timing**

It is critical that the report be made as soon as possible. The more time that elapses between the incident and the report, the more difficult it is for authorities to investigate and to get the child the needed and necessary care. Once the incident is reported to law enforcement, notification must be given to the Camp or Program Director (unless he/she is the source of the abuse or law enforcement directs you not to). Provide the Camp or Program Director (a) the name of the law enforcement official who took the report, (b) the time of the report, and (c) a brief summary of your discussion with law enforcement.

Unless instructed by law enforcement to not contact the parents/guardians, the Program Director will **immediately** notify the parents/guardians of the children. The Program Director must also file an online report with the Texas Department of Family and Protective Services at the following link:
