

## SHSU Housing Policy and Agreement Regarding COVID-19

COVID-19 spreads by respiratory droplets released when people talk, cough, or sneeze. You are moving into a residential shared space with others outside your immediate household. Please review and acknowledge the below directives and protocols designed to help reduce the spread of COVID-19 in SHSU residence halls:

Student Name: \_\_\_\_\_

SAM ID#: \_\_\_\_\_

Please initial next to each item and then sign at the bottom: (If you are under 18, your parent or guardian must sign also)

\_\_\_\_\_ **I attest** that at the time of move in, and **within the last 14 days** that I have:

- 1) Not tested positive for COVID-19,
- 2) Not exhibited symptoms of COVID-19 (cough, shortness of breath, fever, chills, muscle pain, sore throat, newly lost sense of taste or smell, nausea, vomiting, diarrhea)
- 3) Not been exposed to anyone confirmed to have COVID-19, and
- 4) None of my close contacts (e.g., members of my household in which I have been living for the last two weeks, or intimate partner) have exhibited symptoms of COVID-19

### Residence Life Isolation and Quarantine Protocols:

**FULLY vaccinated:** (14 days after Johnson & Johnson vaccine or 14 days after the SECOND dose of Pfizer or Moderna)

- Following an exposure to someone suspected or confirmed to have COVID-19, I will monitor myself for symptoms for 14 days. No further action is necessary as long as I remain **asymptomatic** (symptom-free).
- If I experience any symptoms consistent with COVID-19, I will seek medical evaluation at either the SHC or a medical provider of my choice
- If I test positive for COVID-19, I will follow campus isolation protocols by returning to my permanent residence or, if determined to be needed on a case by case basis, in on-campus isolation housing (if available).

**Unvaccinated or not FULLY vaccinated:** (NO vaccine or **less than** 14 days since Johnson & Johnson or SECOND dose of Pfizer or Moderna)

- Following an exposure to someone suspected to have COVID-19, I will be placed in temporary quarantine until the case is confirmed; if the case is positive, I will quarantine for 14 days from last exposure by returning to my permanent residence or an alternate off campus location. **Quarantine housing will not be offered on campus.**
- If I test positive for COVID-19, I will follow campus isolation protocols by returning to my permanent residence or, if determined to be needed on a case by case basis, in on-campus isolation housing (if available).

\_\_\_\_\_ **I will self-report** to the university if I test positive for COVID-19.

\_\_\_\_\_ **I understand** that I have access to the on-campus Student Health Center (SHC) for any COVID related medical, testing or vaccination services I may need. The SHC can be reached at **936-294-1805**.

\_\_\_\_\_ **I understand** that I may submit evidence of my COVID vaccine to my patient portal to assist in decision making.

The Student Health Center and Residence Life departments are committed to supporting your health and wellness while in residence living on campus. If you have any questions prior to acknowledging this agreement, you may contact Residence Life at 936-294-1810.
