## KatSafe Emergency Contact Information

We are very excited to introduce the KatSafe communication system that will allow Sam Houston State University to send time-sensitive help us provide a safer environment, enhance emergency preparedness and keep our staff and students better informed.

Emergency Contact Information

Opt-In/Opt-Out

### SHSU Information

The information saved here is uploaded to KatSafe every evening.

First Name	David
Last Name	
Contact Type	Staff

### E-mail (1)

KatSafe can contact three email addresses in addition to your SHSU address.

dj 2@shsu.edu	
david.j 3@shsu.edu	<a href="#">delete</a>
<input type="button" value="Add"/>	

### Phone (2)

KatSafe can contact ten phones, each with optional TXT/SMS.

(936) 294-2474 (voice)	primary	<a href="#">delete</a>
(254) 383-41 3 (txt & voice)	<a href="#">make primary</a>	<a href="#">delete</a>
<input type="button" value="Add"/>		

txt & voice

# If not “txt & voice” enabled

Page 2 of 2

Add your cell phone # again and select “txt & voice”

The image shows a dialog box titled "Add Phone" with a close button (X) in the top right corner. It contains a "Number" field with three input boxes separated by a hyphen. Below the number field are three radio button options: "txt", "voice", and "txt & voice". The "txt & voice" option is selected. An "Add" button is located at the bottom right of the dialog box.

Once added, you can delete duplicate cell phone #  
You should see “txt & voice” next to your cell phone #  
You can also add up to 10 others the same way

Phone (2)

KatSafe can contact ten phones, each with optional TXT/SMS.

(936) 294-2...4 (voice)	primary	<a href="#">delete</a>
(254) 383-4! 73 (txt & voice)	<a href="#">make primary</a>	<a href="#">delete</a>
