College Level Ready

- If the student is College Ready, they are not required to take a corequisite section, such as N032, N042, or N084.
- A student can also become College Ready with a TSI exemption.

Dev. Ed. Level High Support with Co-Requisite Option

- This placement requires that students be concurrently enrolled in their core math and a support course.
- Students with this placement have reserved sections of their core math, MATH I332, MATH I342, and MATH I384. These section numbers will be marked with the letter “H.”
- The support courses for the Non-Algebraic track are MATH N032, MATH N042, and MATH N084.

Math Non-Algebraic – Low Support

In addition to our high support developmental work, we also offer a low support type for students who meet certain criteria as noted in the table below. This support type also has reserved section numbers of their College Level Math, low support sections, but only has one corequisite support course that pairs with all College Level Math sections.
