

Syllabus Statement Examples

- This course is part of a Teaching Innovation Grant aimed at developing an innovative instructional approach and assessing how well it improves student success. Because of this, some elements of this course may be unfamiliar and some of the material more challenging than what you are used to. I am committed to helping you succeed and will detail my plans to do so in the course syllabus.
- In this course, we will be experimenting with some evidence-based teaching and learning strategies as part of a grant project to improve student outcomes. You can expect that things may be different from what you're used to, but you can also expect that I will be providing you with extra support along the way.
- This class is part of a grant that aims to improve course outcomes for students like you by implementing innovative instructional approaches. In this syllabus, you can find descriptions of the innovative approaches, as well descriptions of various student support measures to help anyone who may find it more challenging or unfamiliar.
