

Engaging Exploration Workshop

Facilitator Application

There are 3 Engaging Exploration (EE) workshops per year (May-July). By applying to be the facilitator of the EE workshops you will be expected to:

1. Participate as co-facilitator with the previous EE facilitator for one or more workshops in 2024.
2. Facilitate workshops in 2025.
3. Participate as the leading co-facilitator with the subsequent EE facilitator for one or more of the 2025 EE workshops.

In order to be eligible for the facilitator position, a faculty member must have previously completed the EE training. The course materials for EE and administrative support will be provided by the Associate Director of Development. The facilitator is welcomed to provide revisions and materials. The facilitator will receive a stipend of \$1000 for each session they co-facilitate and \$2000 for each session they facilitate independently. Up to some constraints, the EE schedule will take the facilitator's needs into account.

To apply, please provide a short statement (~2 pages) addressing the questions below and return to the QEP/Engaging Classroom email (engaging@shsu.edu) before 5 pm on January 19th, 2024. After applications are reviewed, applicants may be asked to open their classroom for a visit from the selection committee.

1. What were the most important lessons in your Engaging Exploration training?
2. Explain the importance of active learning to you.
3. Will you be able to commit to at least four EE sessions in 2024-2025?
4. What is your interest in the EE facilitator role?

The 2024 Engaging Exploration Workshops are as follows.

- May 14th – 17th – The Woodlands Center
- June 18th – 21st – Main Campus: Walker Education Center
- July 16th – 19th – Main Campus: Walker Education Center
