Dear Students,

It is with great pleasure that I welcome all new and returning students to Sam Houston State University, a great name in Texas education. We are honored you chose this university to continue your education.

The year is filled with many new and exciting things for everyone. Those of you who are returning students are already aware of the many opportunities for learning, recreation, and enjoyment that SHSU has to offer. If you are a new student, I urge you to become familiar with the activities available to you and to take advantage of them. A very important part of your educational experience is being involved, so I hope you embrace that opportunity.

I ask that you thoroughly read this handbook and become familiar with the various rules and regulations and the rights and responsibilities of others on campus. The university has dedicated faculty and staff that are always willing to help you — so reach out, ask questions, and get connected on campus.

I give my warmest welcome to you as a member of the Bearkat family. My best wishes for a good year.

Sincerely,

Dana L. Gibson

BEARKAT

Sam Houston State University’s athletic teams have been nicknamed “The Bearkats” since 1923 when the University’s name was changed by the Texas State Legislature from Sam Houston Normal Institute to Sam Houston State Teachers College. (Prior to 1923, the varsity sports teams were nicknamed “The Normals.”)

It is doubtful those who coined the “Bearkat” nickname had a particular animal in mind, however. More likely, the name came from a popular local saying of the time, “tough as a Bear-kat!” The late Reed Lindsey, who was a student/athlete in the 1920s and later retired as University registrar, once said that “it was a good fighting name of the time.” Since the animal in the saying was thought more mythical than real, the spelling settled upon was “Bearkat.”

In the late 1940s, then SHSU president Harmon Lowman attempted to change the SHSU mascot from Bearkats to “Ravens” (after General Sam Houston’s Cherokee nickname). Mrs. Vernon Schuder reported that the alumni were polled; she voted for the raven but that “all those old Bearkats beat us out!”

The current Sammy Bearkat mascot character began appearing at SHSU sports events in 1959.

SCHOOL SEAL

Sam Houston State University has adopted as its official seal a high-contrast image of the statue of General Sam Houston, which stands in front of Austin Hall on the north end of the campus Quadrangle.

Around the image in the seal are the words “Sam Houston State University,” two stars, and the year in which Sam Houston Normal Institute was founded — 1879.
SCHOOL LOGO

Sam Houston State University has adopted as its official logo an orange “SH.” Where the seal is used for more formal presentations, the logo can be used in less formal applications.

SCHOOL COLORS

The official colors for Sam Houston State University are: ORANGE and WHITE with BLUE as an acceptable trim color.

ALMA MATER

Hail to Sam Houston, School we love best, 
Mighty in battle, True to the test. 
Bearkats so loyal, Ever we’ll be. 
Orange and white Will lead us to victory!

Hail, Alma Mater Hats off to you, 
Ever you’ll find us Loyal and true; 
Firm and undaunted Ever we’ll be, 
Here’s to the school we love 
Here’s a toast to thee.

BEARKAT FIGHT SONG

Fight, Fight, you Bearkats! 
Fight on through! 
We’re here in back of you! 
You know again we’re here to win, so fight on to the end. 
Fight Fight Fight 
Loyal we’ll ever be and true to SHSU 
We’ll fight and fight with all our might for Sam Houston’s Orange and White.

MOTTO

“The Measure of a Life is its Service.”
1. PURPOSE

The purpose of this academic policy statement is to provide for the resolution of student academic grievances in a prompt and equitable manner.

2. GENERAL

2.01 Under the provisions of this policy, academic grievances include disputes over:
   a. Course grades
   b. Unauthorized class absences or tardiness
   c. Suspension for academic deficiency
   d. An instructor's alleged unprofessional conduct related to academic matters
   e. Graduate comprehensive and oral examinations
   f. Theses and dissertations

2.02 If the dispute is determined to be based upon professional judgment, the aggrieved student is entitled to have, as appropriate and in turn, the department or school chair, College Academic Review Panel, academic dean, Dean of
Graduate Studies (for graduate student issues), and Provost and Vice President for Academic Affairs form an opinion about the dispute and so advise the individual(s) involved. After considering the advice provided by any or all of the administrators participating in hearing the grievance, the individual(s) involved in the dispute shall retain the academic freedom to decline to change the original judgment in the matter.

2.03 Allegations of student misconduct, as defined in paragraph 5.2, Chapter VI of the Rules and Regulations, Board of Regents, The Texas State University System, and Sam Houston State University Student Guidelines, published by the Dean of Students’ Office will be referred to the Dean of Students’ Office for necessary action.

2.04 Allegations, questions, or appeals involving academic dishonesty, i.e., cheating, plagiarism, collusion, and/or abuse of resource materials, will be processed in accordance with the procedures set forth in Academic Policy Statement 810213, “Procedures in Cases of Academic Dishonesty.”

2.05 If, in turn, the department/school chair, College Academic Review Panel, academic dean, Dean of Graduate Studies (for graduate student issues), or Provost and Vice President for Academic Affairs finds that a disputed action conflicts with federal or state law, university, college, or departmental policy, or with an instructor’s stated class policy, a decision should be rendered in favor of the aggrieved student.

3. COLLEGE ACADEMIC REVIEW PANEL

3.01 There shall be in each college a Standing College Academic Review Panel. The members of the panel shall be chosen by procedures established by the college dean. The panel will consist of three faculty members and two student members. The chair of the panel will be selected from the panel members by the appointees to the panel. A department/school chair or any party to the appeal being heard may not serve on the panel. At least two faculty members and at least one student member must be present for action to be taken.

3.02 The Academic Review Panel will be involved in an alleged grievance only after the normal procedures outlined in paragraph 4.01.a and 4.01.b below have been exhausted.
3.03 The Academic Review Panel will hear only appeals involving disputes over those matters set forth in paragraph 2.01.a through 2.01.f of this policy. Appeals regarding university/college degree requirements, student misconduct, or academic dishonesty will not be addressed by the panel.

4. PROCEDURES
4.01 The following steps are to be followed in pursuing an academic grievance or an appeal of suspension for academic deficiency (a grade point average below 2.00):

    a. In the event of an academic grievance, the student must first appeal to his/her instructor or committee chair for a resolution of the matter and must do so in writing and within thirty days following the final course exam for the semester or summer session during which the dispute arises. (If the grievance involves a suspension for academic deficiency, the student appeals directly to the appropriate academic dean.)

    b. If an academic grievance is not satisfactorily resolved with the instructor or committee chair, the student may appeal to the chair of the academic department/school in which the complaint or dispute is centered. The student appealing must provide a written summary of the pertinent issues of the grievance. In addition, a student may include other faculty or staff members or any other informed individual who might act as advocates in support of his/her appeal.

    c. If the student remains aggrieved after an appeal to the chair of the department/school, the student may forward the written appeal (plus any other additional material) to the college dean in whose college the dispute arose with a request to have the case heard by the College Academic Review Panel. Within fifteen working days of receiving the appeal, the Panel will investigate the alleged grievance and present such findings and recommendations as the Panel
finds appropriate as soon as possible to the grievant and to other relevant parties, including the department/school chair and the faculty member(s) against whom the grievance is directed. During the panel hearing(s), all parties involved in the original grievance will be invited to appear before the Panel. The grievant may request either oral or written statements from advocates. The inclusion of these statements at the hearing(s) will be at the discretion of the Panel. Under no circumstances will advocates be permitted to directly question or cross-examine any person who is involved in the grievance. Legal counsel, if included by the grievant, may act only in an advisory capacity and may not be a directly active participant in the proceedings.

d. If a resolution of an academic grievance by the Review Panel is not accepted, the student may request in writing that the grievance be forwarded to the college dean in whose college the dispute arose for review and adjudication. The dean will receive all documents pertaining to the dispute from the academic Review Panel and the dean will inform the student, the instructor, and/or the committee chair, and the administrators participating in the appeals process of the decision and the disposition of the matter within fifteen working days of receipt of the appeal. The dean’s decision is final.

SH Dining Services provides retail dining, residential dining and catering all across the campus of Sam Houston State University. We strive to provide the highest quality dining experience possible, and continually seek the input of our campus community to guide us in our efforts.

Dining memberships, or “meal plans,” are available to all students, faculty and staff. Whether you live on campus or off campus, we have a wide range of memberships to accommodate any need and dining desire. Each dining membership has both meals and Bearkat Bucks. The meals may be used at Old Main Market and Tortilla Fresca, located in South Paw. The Bearkat Bucks may be used at any on campus dining location. Our memberships are broken into three categories: “blocks,” “weekly” and “unlimited.”

Block dining memberships are designed to provide great flexibility in the use of meals, providing a certain block amount of meals to use throughout the semester, while still providing Bearkat Bucks to use across campus. At the end of the semester, any unused meals expire, and are removed from the account.

Weekly dining memberships are designed to offer a certain amount of meals per week, throughout the semester, and also provide Bearkat Bucks to use across campus. At the end of each week, any unused meals expire, and the weekly amount of meals for that membership starts over. On a weekly dining membership, meals are only able to be used once per meal period, and may only be used by the dining membership holder.

The unlimited dining membership is designed to provide the ultimate in flexibility, convenience and value. There is no set amount of meals, and meals may be used as desired throughout the day, week and semester. Only the dining membership holder may use the meals on an unlimited plan.

Dining memberships are housed on the dining membership holder’s BearkatOne Card, and are independent from the debit account on the card. Credit cards, debit cards and cash are also accepted at all on campus dining locations.

IT@SAM

The University has three departments to support the campus information technology within the Division of Information Technology Services: Enterprise Services, Infrastructure and Support Services and Client Services.

The Enterprise Services department provides programming, business process analysis, reporting, and database administration support for all the administrative systems such as registration, admissions, grade entry, finance, and payroll. Most of these systems are available through the MySam campus portal.

The Infrastructure and Support Services department manages the server and networking infrastructure, such as the gigabit connectivity for all campus buildings including
residence halls. Each resident has his/her own high-speed internet connections. Also, wireless access points are provided throughout the main campus with SamNet.

The Client Services department manages campus computer labs and classroom technology, licensing and installation of campus software, campus tech support, Web development and technology asset management. The Service Desk is also in the Client Services department and is available to help students with their computer accounts, PINs and profiles.

From the University web site, students can activate and begin using SHSU computer accounts as soon as they are accepted to the University. To ensure prompt communications, the University will send official statements and documents to the student’s SHSU e-mail addresses. The assigned e-mail address will have the following format: username@shsu.edu. The use of University e-mail and all other computing resources is governed by the Division of Information Technology Acceptable Use Policy (www.shsu.edu/intranet/policies/information_technology_policies/documents/IT-03AcceptableUse.pdf). SHSU will never ask students to share their passwords with anyone. Former students who have completed at least 15 hours of course work at SHSU will be eligible to opt-in to keep an SHSU e-mail account.

The three IT@Sam departments employ more than 100 students as lab assistants, web designers, service desk assistants, and software/hardware technicians. Students are encouraged to apply for part-time employment through Jobs4Kats.

The website for the Division of Information Technology Services is www.shsu.edu/~ucs_www/. Questions regarding SHSU’s computer resources may be addressed to HELPDESK@SHSU.EDU or (936) 294-1950.

RECREATIONAL SPORTS AND ACTIVITIES

The Department of Recreational Sports and Activities offers a wide variety of recreational programming and provides state of the art facilities for students, faculty and staff. The activities offered include intramural sports, informal recreation, club sports, wellness, special events, outdoor recreation, and aquatics.

Facilities

The facilities managed by the Department of Recreational Sports include the Recreational Sports Center (RSC), the Health and Kinesiology Center (HKC), Johnson Coliseum, the McAdams Tennis Complex, the Pritchett Field Sports Complex, three Intramural Sports Fields, Sand Volleyball Courts, and the University Camp.

The RSC houses a 34’ climbing wall with bouldering area, a 10,000 square-foot weight room with a cardio area, several multi-purpose and fitness rooms, as well as an outdoor heated swimming pool. The HKC is shared with the Health and Kinesiology academic program and offers four basketball courts, two multi-purpose rooms, an 1/8-mile indoor running track, ten racquetball courts, and a supplemental weight room.

Adjacent to the RSC/HKC are the three Intramural Sports Fields and Sand Volleyball courts. These are utilized for Intramurals, Informal Recreation, and Special Events. The McAdams Tennis Complex, an outdoor tennis venue with eight tennis courts, is also close to the RSC.

Johnson Coliseum, located directly across
from the RSC and HKC, seats 6,094 people and hosts over 90 large-scale events each year. Sammypalooza, Spring Breakout, Men’s and Women’s Varsity Basketball and SHSU Volleyball are just some of the events offered there.

The newly-renovated Pritchett Field Sports Complex, home to many of SHSU’s Recreational Sports Clubs, includes two athletic fields (one grass and one turf) and an outdoor running track.

Programming
Students enjoy the Informal Recreation Program by participating in self-directed recreational activities such as drop-in basketball, weight-lifting, cardio, racquetball or swimming. The seasonally heated 182,000 gallon pool has four 25-yard lap lanes and a leisure area which can be used for water sports or merely relaxing in the sun.

The Wellness Program offers comprehensive fitness programming for the Bearkat community. Programs include group fitness classes, yoga, personal training, workshops, and nutritional counseling.

Intramural Sports offers a variety of team, dual, and individual activities with both competitive and recreational divisions. Students may participate in softball, flag football and soccer, as well as in non-traditional activities such as dodgeball, Texas Hold ’em, and X-box tournaments.

The Club Sports program consists of over 35 recognized student organizations established to promote and develop common sport- and/or recreation-related interests. Sports such as soccer, rugby, lacrosse and even Quidditch have been founded, organized, and maintained by volunteer student leaders who compete regionally and even nationally against other university club sports teams.

Outdoor Recreation is a multi-faceted program consisting of six primary components; Trips, Workshops, the Climbing Center and bouldering area, equipment rental (tents, sleeping bags, kayaks, etc.), Bearkat Camp (a four day, three night experience for incoming freshmen), and the 345-acre University camp and retreat center. The University Camp is a one-of-a-kind recreation and retreat facility located near Riverside, Texas. Members of the SHSU community can spend a day canoeing on the water, fishing, hiking, biking, challenging themselves on the low or high-ropes courses, hosting a gathering in the dining hall, or just enjoying a picnic by the lake.

Special Events are responsible for hosting large-scale events. Past activities have included Sammypalooza, a musical festival with three stages and several live musical acts; Midnight Mayhem, with the legendary mechanical bull; and Spring Breakout, a fun filled night featuring a comedian and other entertainment opportunities. Most programs are offered free of charge to SHSU students. The Recreational Sports department also provides numerous employment opportunities for students who are interested in part-time work. Over 300 student positions are filled annually in the areas of intramural officiating, facility supervision, aquatics, marketing, and fitness.

**STUDENTS LEGAL SERVICES**

“Laws are spider webs through which the big flies pass and the little ones get caught.”

~Honoré de Balzac

Why does Sam Houston State University offer legal consultation services to their students? Or, as we sometimes hear, “I’m a good student, why would I need legal services?” The law is a fundamental part of every transaction; civil and criminal. Students, whether just coming of age or with significant experience, have a need to learn their legal rights and responsibilities.

For these reasons, Sam Houston Student Legal Services employs a full time attorney dedicated to providing students with individual, confidential, legal consultation. The attorney provides resources for resolution of legal concerns and when representation is necessary, will guide students in finding an attorney with the appropriate expertise. Frequent topics of inquiry include landlord/tenant, family law, consumer protection, criminal, traffic tickets, automobile accidents, and employee rights.

The office is located on the third floor of the Lowman Student Center (suite 330). Appointments can be requested in person, by phone at (936) 294-1717 or electronically at www.shsu.edu/legalservice. We cannot provide counsel on issues involving the university.

The attorney is also available to speak to student organizations, residence halls, and classes.

**OFFICE OF ALUMNI RELATIONS**

In the early 1920s during Harry F. Estill’s presidency, an association of former students was first organized. More than 30 years later, prompted by an expanding student enrollment and an increasing number of graduates, a charter for a non-profit corporation known as the “Alumni Association of Sam Houston State Teachers College” was formally adopted on November 2, 1956.

According to Article II of the Association Charter, “The purpose for which the corporation is formed shall be to support benevolent, charitable and education undertakings, whether associated with or related to Sam Houston State Teachers College; to extend aid, financial or otherwise, to Sam Houston students; to encourage generally sentiments favorable to education, and to promote the union of good fellowship among ex-students of Sam Houston State Teachers College.”

During the summer of 1992, the Association merged with the University to create a centralized dues-paying organization that offers programs and activities for alumni and friends regardless of college affiliation or special interest. Furthermore, management of and funding for alumni affairs was brought under the purview of the university by the creation of the Office of Alumni Relations. Also, a Board of Directors was created to formulate and implement certain alumni events and programs, including reunions, homecoming awards and recognitions, and the distribution of alumni scholarships.

In addition to the numerous regional alumni events hosted by the Office of Alumni Relations, three major on-campus events are supported through this office annually, the Official University Ring Ceremony, the Distinguished Alumni Gala, and the Service Awards Luncheon.

Originated in the Fall of 2007, the Student Alumni Association is a student organization which encourages and fosters loyalty to the university and supports the great history and traditions of Sam Houston State University, including service to others through numerous community service projects each semester. The SAA also provides students the opportunity to build relationships with successful alumni and network for positions in the workforce while still in school.

Much like Sam Houston State University, the Alumni Association has grown from its earliest beginnings in strength, prestige, influence, and member involvement. Today, it remains a vibrant member of the university family.

The Office of Alumni Relations encourages students, parents, alumni, and friends of the university to visit the office located in the new John R. Ragsdale Visitor and Alumni Center. The phone number is (936) 294-1841 and website is alumni.shsu.edu.

Online students and mentors are also encouraged to participate in on-campus events throughout the year.

Greek Life

Greek Life provides one of the most comprehensive experiences of university life, focusing on achieving excellence in and out of the classroom. Providing a vibrant and active environment, our organizations work to live up to their founding principles and ideals, which include scholarship, leadership, community service, fraternal bonds, and ritual.

Going Greek means more than just wearing Greek letters, attending meetings, and going to parties; being in a fraternity or sorority is about making friendships that will last far beyond your college years while enhancing your personal development by committing to ideals of scholarship, leadership, and service. It is being respected for your individuality while being part of a brotherhood or sisterhood with individuals who share the same goals and values. Your brothers and sisters are there to support you every step of the way and help as you make the transition to college one filled with choices, connections and commitments. Greek Life at SHSU is multifaceted; there is something in it for everyone:

Fraternity and sorority members hold their commitment to education in high regard by scheduling study nights, providing local and national scholarships, maintaining files of information from classes, pairing you with study buddies, rewarding outstanding academic performance, and providing scholastic assistance when needed.

Philanthropy is another source of pride for all Greeks at SHSU. Each organization supports a national or local philanthropy by hosting large and small scale events as fundraisers or to spread awareness for a particular cause. They also encourage and reward volunteering on campus and in the local community. With 20 plus Greek organizations on campus, there are plenty of opportunities to donate, volunteer, and have fun for a good cause!

Leadership opportunities will also begin right away. In most chapters, new members are expected to serve on various committees or hold junior offices. New members are encouraged to pay attention during chapter meetings and activities, and then decide which area interests them most as there are leadership positions in every chapter for nearly every interest. Greek organization membership is a privilege but it is also a responsibility. Members must always strive to represent the values of their chapter and their national organization.

For more information about Greek Life please contact the Dean of Students’ Office or visit the Dean of Students’ Office website.

(19) Recording sanctions in Subsections 5.9(9), (11), (13), (14), (15), (17), and (18) may be made on a student’s permanent transcript. The Component may maintain confidential records of all other sanctions and may consider any prior sanction received by a student in assessing a subsequent sanction. The Component shall develop a procedure for expunging those records not transcribed on a student’s permanent transcript within a reasonable time not to exceed five (5) years after the student ceases to be enrolled;
(20) A student who, by a preponderance of the evidence, under these Rules and Regulations, is found to have illegally possessed, used, sold or distributed any drug, narcotic, or controlled substance, whether the infraction is found to have occurred on
or off campus, shall be subject to discipline, ranging from mandatory, university or college approved counseling to expulsion. Mitigating or aggravating factors in assessing the proper level of discipline shall include, but not necessarily be limited to, the student’s motive for engaging in the behavior; disciplinary history; effect of the behavior on safety and security of the university or college community; and the likelihood that the behavior will recur. A student who has been suspended, dismissed, probated or expelled from any system Component shall be ineligible to enroll at any other system Component during the applicable period of discipline. The registrar of each Component is authorized to make an appropriate notation on the student’s transcript to accomplish this objective and to remove the notation when the student’s disciplinary record has been cleared. A second infraction for a drug-related offense shall result in permanent expulsion from the Component and from all other institutions in The Texas State University System.

5.10 Appeal. Neither party may appeal if the hearing officer or hearing committee determines that the allegations against the accused student are true but the only punishment assessed is verbal or written warning. In those cases, the determination of the hearing officer or hearing committee is final. However, in all other cases, either party may appeal to the Chief Student Affairs Officer. If the hearing officer has been an appointee designated by the chief student affairs officer or if the determination has been made by a hearing committee, the appeal will be made to the Chief Student Affairs Officer or designated appointee. If the Chief Student Affairs Officer has served as the hearing officer, the appeal will be made to the vice President in charge of student affairs. Written notice of appeal must be received by the appeal officer within five (5) business days after the decision. An appeal is not simply a rehearing of the original case. An appeal must be based on: 1) whether or not a fair hearing was afforded. A fair hearing includes notice of the alleged misconduct, and an opportunity to present evidence; 2) whether or not the sanctions levied were appropriate to the offense; 3) whether or not the finding was supported by the evidence; and/or 4) whether or not new evidence is introduced that was not available at the time of the hearing. Both parties, at the discretion of the appeal officer, may submit oral or written arguments, to support their positions. In order for the appeal to be considered, the appealing party must submit all necessary documentation, including written arguments, when appropriate, to the appeal officer within five (5) business days after giving notice of appeal. The appeal officer may approve, reject, modify the decision, or remand the matter to the original hearing officer or hearing committee for reconsideration. The appeal officer shall respond to the appeal within ten (10) business days after all the documentation was received and all testimony was heard, or he or she may postpone a decision for good cause.

5.11 Review of the Vice President in charge of Student Affairs. The Vice President may review any disciplinary case and may approve, reject, modify the decision, or remand the matter to the original hearing officer or committee for reconsideration. The appeal officer shall respond to the appeal within ten (10) business days after all documentation was received and all testimony was heard. If the decision is not made for good cause, the appeal officer may approve, reject, modify the decision, or remand the matter to the original hearing officer or committee for reconsideration.

5.12 President’s Right to Review. The
President may review any disciplinary case, and approve, reject, or modify the decision or remand the matter to the original hearing officer or hearing committee for reconsideration.

5.13 Board of Regents’ Right to Review. The Board of Regents retains the right to review any disciplinary action and approve, reject, modify the decision, or remand the matter to the original hearing officer or hearing committee for reconsideration.

5.14 Interim Disciplinary Action. The Chief Student Affairs Officer, the Vice President in charge of student affairs, or the President of the Component may take immediate interim disciplinary action, including suspension, pending a hearing against a student for violation of a rule and regulation of the System or of the Component at which the accused is a student when the continuing presence of the student poses a danger to persons or property or an ongoing threat of disrupting the academic process. In the event that the interim disciplinary action includes suspension, the Component official involved shall, as soon as possible, notify the President and the Vice Chancellor and General Counsel of such action.

5.15 Civil Proceedings. Every student is expected to obey all Federal, State, and local laws and is expected to be familiar with the requirements of such laws. Any student who violates any provision of those laws is subject to disciplinary action, including expulsion, notwithstanding any action taken by civil authorities on account of the violation.

**STUDENT COMPUTER USE POLICY**

All students, full or part-time, are granted permission to use the computing resources of the university. The use of these systems is governed by the following rules and any violation of these rules may result in disciplinary actions as well as possible legal actions.

The permission for use is granted to each student by Sam Houston State University for non-commercial use of the computing and communications facilities and services of the university, including its computer systems, associated peripherals and files, telephone and network access, and all university microcomputers, according to the terms described herein.

This permission extends to the use of licensed software according to the regulations set forth herein by Sam Houston State University for the use of such software. The student use of such software is governed by the terms of licensing agreements between the university and the software licensors, and the student must abide by the terms of those agreements. These software programs are proprietary and may, therefore, be subject to copyright or patent restrictions as defined in the license agreements. Students must not copy, disclose, transfer, or remove any proprietary programs from the media on which this software resides. Students must not use Sam Houston State University equipment or software to violate the terms of any software license agreement. Information on specific software licenses on all public computer systems can be obtained from the university Computer Services Department or other appropriate department.

Students must not use Sam Houston State University’s computer systems, including any of its communications facilities and services, in any way which deliberately diminishes or interferes with the reasonable and private use of any computer systems, or which is intended to do same. Sam Houston State University retains the right to inspect and/or remove, when necessary, as a function of responsible system management, all disk files stored on the university computing facilities.

Upon violation or misuse of the computing facilities at Sam Houston State University, the university retains the right to deny
future computing privileges at all university-owned computing facilities. In addition any student found in violation may also be subject to further disciplinary action, as well as legal action under Section 1, Title 7, Chapter 33 of the Texas Penal Code, as well as legal action by the owners and licensors of proprietary software for violation of copyright laws and licensor agreements.

**DEBTS OF STUDENTS**

9.1 *Debts of Students or Organizations.* Neither the System nor any Component is responsible for debts contracted by individual students or by student organizations. All students and student organizations are expected to conduct themselves honorably in all commercial transactions. Neither the System nor any Component will assume the role of a collection agency except for monies owed to the System or one of its Components; nor, will the System or any of its Components adjudicate disputes between students and creditors over the existence or the amounts of debts, except with the prior approval of the President of the Components or a designated appointee in those cases where the interests of the Component may be a factor.

9.2 *Students’ Financial Obligations* Students are expected to meet their financial obligations to the Component within the designated time allowed. Registration fees are payable at the time of registration, and students are not entitled to enter class or laboratory until their fees and deposits have been paid. Other charges and financial obligations are due at registration or within ten days after a bill is rendered by the Component or according to the special payment instructions that may be printed on the bill.

9.3 *Penalties for Failure to Pay* Failure to pay in the allotted time the amount owed to the Component for tuition, fees, charges, or any other financial obligations may result in any or all of the following:

- (1) Dismissal from the Component or other disciplinary actions;
- (2) Withholding of future registration privileges;
- (3) Withholding the issuance of grades or an official certified transcript;
- (4) Withholding the conferring of a degree;
- (5) Bar against readmission for the student;
- (6) Assessment of late fees and/or reinstatement fees.

9.4 Each Component is authorized to require that non-resident international students secure mandatory accident, sickness, catastrophic illness, evacuation and repatriation insurance as a condition of enrollment.

**CO-CURRICULAR USE OF UNIVERSITY FACILITIES**

1. *Purpose and Application*  
   1.1 The physical facilities of the university are an integral part of the total structure and must be utilized to give the greatest support to the total program of the university. Primary consideration in the use of facilities must be the fulfillment of the educational needs of the university community. The administration does not desire to deny an authorized individual or organization the use of any facility so long as this use does not impede the university’s educational function. It is, therefore, necessary for all functions on campus, except for those using recreational and/or athletic facilities, academic buildings, or those facilities managed by the President’s Office which require the use of institutional facilities to receive the approval of the director of the Lowman Student...
Center and for the appropriate facility to be scheduled and reserved through the LSC Office in accordance with the provisions of paragraph 3.1 of this policy.

1.2 The purpose of this policy is to delineate policy relating to the co-curricular use of university facilities.

1.3 As a general rule, parents and spouses of students and members of the faculty, persons who visit and consult with members of the administration or faculty, and others who have a legitimate interest in the university and who desire to occasionally visit the university campus are welcome. The facilities and campus of the university are, however, reserved for and dedicated to educational use and no use may be made of the same which is inconsistent with that primary use.

1.4 The university, acting on its own or at the request of an officially recognized campus organization, may invite speakers, performers, or entertainers to appear before audiences on the university campus. For further information see Sec. 4.3 Time, Place and Manner Restrictions.

1.5 No person or persons who substantially interfere with or who threaten with the apparent ability to carry out such threat to substantially interfere with the normal activities of the university or to substantially interfere with or deny the lawful rights of others to use the facilities of the university shall enter or remain upon the university campus.

2. Permission to Use

2.1 The following groups are welcome to use the university facilities upon receipt and confirmation of their request for use.

   a. Student organizations as recognized by the university and appropriately sponsored.
   b. Academic organizations, faculty and university staff groups.
   c. Participants in short courses or specialized programs administered by the university.
   d. Professional societies or business organizations participating in programs related to academic activities of the university.
   e. Groups sponsored by a university department.
   f. Groups or individuals sponsored or invited by the university president or his designated official(s).

2.2 In addition to the specific regulations contained in this document, certain general responsibilities are incumbent upon organizations using the facilities and each organization is accountable for its activities in the context of these general responsibilities.

   a. The activities shall be consonant with the purpose of the organization and the university and with established university regulations and public laws.
   b. The organization shall not engage in activities which interfere with the ongoing activities of the university or of any other approved organization.
   c. The organization shall be responsible for its members’ behavior when:

      (1) they are acting as members of the organizations (with or without official approval) rather than as individuals.
      (2) an event is held (officially or unofficially) in the name of the organization.
      (3) they act in a manner which indicates such action is motivated by mutual membership in the organization.
      (4) the association between, and the action of the individuals under circumstances which draw attention to the organization rather than to themselves as individuals.
      (5) Organizations are respon-
sible for damages, injuries, etc., that occur during use.

3. Conditions and Limitations on Use of Facilities

3.1 Requests for approval of functions and for facilities must be made on the appropriate form provided and available in the Lowman Student Center (LSC) office, and on the LSC website www.shsu.edu/~lsc. All signatures must be obtained, questions answered, and the request presented a minimum of two (2) business days prior to the desired date of use.

3.2 Sponsoring organizations assume full responsibility for any financial obligations, damage to facilities or equipment, actions of participants, and for having read and understood the university Code of Student Conduct and Discipline and the university Policy on Speech and Assembly. A faculty/staff advisor may be required to be in attendance during the scheduled use of any university facility by an organization.

3.3 Whenever non-university groups share with university groups in the use of university facilities, it must be upon the invitation of the university and with the understanding that the sponsoring organization assumes full responsibility for the activity.

3.4 The university is no way obligated for functions in which an organization has contracted an outside individual or group (such as a speaker, entertainment group, dance band, etc.) and there is an honorarium or fee involved unless a contract is signed by an official representative of the university specifically authorized by the president of the university.

3.5 Admission charges may be made or an offering may be received if university approval is given at the time the reservation is completed for the use of its facilities.

4. Arrangements

Any representative authorized by a campus recognized organization may pick up the appropriate reservation request form from the LSC Office, located in Room 311. The request form must be completed, signed by the organizational representative making the reservation and the faculty/staff sponsor, and then returned to the director of the LSC for final approval.

5. Off-Campus Activities

Any wholly off-campus activity will not require university approval. If any activity is planned that involves university facilities and off-campus facilities, that portion that is held on campus must be cleared and approved through the usual arrangement procedures.

6. Legal Considerations and Disruptions

6.1 Non-members of the university community are required, while on the campus, to observe and comply with the rules and regulations adopted by the university or the Board of Regents: copies of the same to be found in the Dean of Students’ Office as well as those specific statutes of the state of Texas relating to university property. Non-members of the university community are also required, while on campus, to identify themselves upon the request of a university official or University Police or other law enforcement officer in the performance of his or her duty.

6.2 The university campus is not a sanctuary and any person who violates any local, state, or federal law shall not be protected nor given any preferred status in the eyes of the law by reason of the fact that the violation occurred on the university campus or by reason of the fact that the violator is a member of the university community.

6.3 When it appears to the president, or any university official or an officer of the University Police authorized and designated by him to maintain order, that any non-member of the university community has violated on the campus, any local, state, or federal law or any university rule or regulation,
such person or persons may be ordered by such official or officer of the University Police to leave the university campus, and should the university see fit, charges filed against such person or persons.

6.4 The president may make due application to any court for injunctive or other judicial relief in regard to the threatened or actual violation of any of the above-mentioned rules or regulations.

7. Review

7.1 The responsibility of review and to recommend the revision or cancellation of this Policy Statement resides with the vice president for student services.

7.2 This policy shall be reviewed annually.

8. Appeal

Students or university-recognized student organizations may follow the student affairs grievance procedure in any appeal of this policy.

Such regulations shall prohibit any activity that would interfere with academic or institutional programs.

3.21 No group or person, whether or not a student or employee, shall publicly display, distribute, or disseminate on the university campus any petition, handbill, or piece of literature, work, or material that is obscene, vulgar, or libelous, or that advocates the deliberate violation of any federal, state, or local law (see Subsection 3.22). 3.22 For the purposes of Subsection 3.21, advocacy means addressing the group for imminent action and steeling it to such action as opposed to the abstract espousal of the moral propriety of a course of action.

3.23 Any group or person, whether or not a student or employee, demonstrating on campus shall adhere to the provisions of V.T.C.A. Education Code, Section 4.30, as cited in Chapter VI, Subsection 5.4, of these RULES AND REGULATIONS.

Extracurricular student, faculty, or staff activities involving the use of System-owned buildings and grounds shall be conducted in accordance with local, state, and national law and in accordance with the applicable System and university regulations. Such activities shall not disrupt or disturb the academic and university program and shall not result in damage to or defacement of property. Registered student, faculty, or staff organizations may not enter into joint
sponsorship of any on-campus project or program which involves financial commitments or the scheduling or use of facilities with individuals, groups, or students that are not registered without prior written approval of the university president or his designee through normal administrative channels.

3.4 Use of System Facilities by Outside Groups. However, the appearance by or on behalf of a candidate for public office may be authorized under conditions prescribed by the Board in Section 4 of this Chapter.

3.45 Whenever non-System groups share in the use of System buildings, it must be upon the invitation of the System and under its joint sponsorship, and with the further understanding that all the conditions governing such sponsorship are to be set by the System.

3.46 The System, when entering into joint sponsorship of any program or activity, reserves the right to approve advertising as well as news releases.

3.47 The authorization for use of the System’s facilities for functions other than the university’s own activities shall be at the sole discretion of the president and subject to the needs and the convenience of the System which are always to have priority in the scheduling of facilities.

3.48 In the case of programs for which the System is a joint sponsor with some other individual, group, or organization, the fee to be paid by the co-sponsor will be a matter for negotiation in each case, subject to final approval by the university president or a designated appointee, and will be specified in the agreement providing for the joint sponsorship.

4.2 Off-Campus Speakers in Component Facilities. The freedoms of speech and assembly guaranteed by the First and Fourteenth Amendments to the United States Constitution shall be enjoyed by the students, faculty, and staff of the components of The Texas State University System with respect to the opportunity to hear off-campus or outside, speakers.

4.21 If a registered campus organization is sponsoring a campus speaker, it has the responsibility of making clear the fact that the organization, not the component, is extending the invitation to speak and that any views the speaker may express are the speaker's own and not necessarily those of the System or of the component.

4.22 Students, faculty, staff, and registered organizations campaigning for public office on behalf of candidates for public office must abide by the provisions of this section.

4.23 Speakers to be paid from state funds to speak on a component campus shall speak in a facility that is open to the public. This subsection does not apply to classes, seminars, symposia, and conferences intended for the use and benefit of students, faculty, staff, and invited guests. No person may obstruct or lessen in any way the opportunity for the audience to. The number of students, faculty, staff, and guests may be limited to prevent a hazard to the safety of the audience.

4.24 Off-campus speakers who have not been sponsored or invited by a registered student, faculty, or staff organization or by the component administration shall be prohibited from speaking to groups in campus facilities and buildings unless the speaker is speaking to an off-campus organization that has been authorized to meet on the campus.

4.25 With the prior written approval of the component president, the component may, at its sole discretion, lease or rent space in the student center or other appropriate buildings or grounds for political rallies and meetings provided that space is made available to legitimate political candidates in a nondiscriminatory fashion and the rent for such space is based on a fair market value.

4.3 Time, Place and Manner Restrictions. While freedom of speech and assembly is encouraged, the law recognizes that there is no absolute right to assembly or to make or hear a speech at any time or place regardless of the circumstances, content of speech, purpose of assembly, or probable consequences of such meeting or speech. The issuance of invitations to outside speakers shall be limited as follows:

4.31 A request to invite an outside speaker will be considered by the component only when made by a registered student, faculty, or staff organization. No invitation shall
be issued to an outside speaker without prior written concur- rence of the component president or a designee for scheduling of speaker dates and assignment of campus facilities.

4.32 Any speaker request shall be made in writing to the president or a designee by an officer of a registered student, faculty, or staff organization, or by an adminis- trative officer of the component, desiring to sponsor the proposed speaker not later than six (6) business days prior to the date of the proposed speaking engagement. This request shall contain the name of the sponsoring organization; the proposed date, time, and location of the meeting; the expected size of the audience; and the topic of speech. Any request not acted upon by the component president or a designee within five (5) business days after submission shall be deemed granted.

4.33 A request made by a regis- tered organization may be denied only if the component president, or the authorized designee, determin es, after proper inquiry, that the proposed speech will constitute a clear and present danger to the component’s orderly operation as defined in Subsection 2.5.

4.34 Where the request for an outside speaker is denied, the spon- soring organization may appeal to the president or a authorized designee in writing within three (3) business days of the denial. A hearing within will be held within four (4) business days following the filing of its appeal before an impartial board or administrator appointed by the president for a de novo consideration of the request. Such board or administrator shall make a recommendation to the component president, whose deci- sion shall be final. If the president fails to decide the matter within seven (7) business days following the filing of the appeal, it shall be deemed granted, and the speaker’s invitation may be issued by the organization.

4.35 Where the request for an outside speaker is granted and the speaker accepts the invitation, the sponsoring organization shall inform the president or a designee, immediately in writing of such acceptance. The president or a designee, may, at his or her discretion, require that the meet- ing be chaired by a member of the administration or faculty and that a statement be made at the meet- ing that the views presented are not necessarily those of the com- ponent or of the sponsoring organi- zation. By acceptance of the invitation to speak, the speaker shall assume full responsibility for any violation of law committed by the speaker while on campus.

4.4 Assembly on Component Grounds. Any group or person, whether or not a student or employee, and whether or not invited by a registered student, faculty, or staff organization, may as- semble and engage in free speech ac- tivities on the grounds of the campus. However, the component president or a designee may adopt reasonable nondis- criminatory rules and regulations as to time, place, and manner of such activi- ties and may prohibit such activities if it is determined, after proper inquiry, that the proposed speech constitutes a clear and present danger as defined in Subsection 4.5 below.

4.5 Clear and Present Danger. Pro- posed speech which constitutes a clear and present danger to the component’s orderly operation by the speaker’s ad- vocacy (i.e., preparing the group ad-
dressed and steeling it to such action as opposed to the abstract espousal of the propriety of resort to force) may be prohibited. In determining the existence of a clear and present danger, the component president, may consider all relevant factors, including whether, within the past five years such speaker has incited violence resulting in the destruction of property at any public institution or has willfully caused the forcible disruption of regularly scheduled classes or other educational functions at any such institution. There must be not only advocacy to action but also a reasonable apprehension of imminent danger to the essential functions and purposes of the component.

      b. Interfere with the free and unrestricted flow of pedestrian and vehicular traffic on campus or the entry or the exit to any university building, structure, or facility.
      c. Materially disrupt or interfere with normal activities of the university.

tion 5.4. The president shall promptly utilize all lawful measures to halt and eliminate any and all such disruptive activities and shall immediately notify the Chancellor and the Chairman of the Board of Regents.

STUDENTS WITH DISABILITIES

Services to Students with Disabilities

It is the policy of Sam Houston State University that no otherwise qualified disabled individual shall, solely by reason of his/her disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any academic program or activity.

Students seeking academic accommodations under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA) of 1990 should register with Sam Houston State University Services for Students with Disabilities (SSD). In order for students with disabilities to be eligible for academic accommodations and adjustments, they need to provide documentation that shows evidence of a “substantially limiting” disability as defined by federal legislation noted above. Service and documentation guidelines are available in the SSD office. Students needing interpreter services should notify SSD at least two months in advance of the semester.

Adaptive technology is located in the SSD, the Newton Gresham Library (NGL), and computer labs around campus. SSD and NGL have CCTVs, screen readers, and scanners. Each computer lab has a large monitor and Zoom Text – level 2.

At all other times, any vehicle registration or change of vehicles will be accomplished at the Department of Public Safety Services located at 2424 South Sam Houston Avenue. Students are expected to become familiar with and obey the Parking and Traffic Regulations. A copy of the regulations is issued with each parking decal. As in any community, a system of fines is estab-

All University Police citations are subject to a hearing, but a request for a hearing must be filed within three (3) days of issuance through the Parking Appeals Committee. An official form requesting such a hearing must be secured in person from the Department of Public Safety Services Office, located at 2424 South Sam Houston Avenue.

PUBLICATIONS OF STUDENT GROUPS

The university affirms its position that
freedom of expression, as well as inquiry, is essential to a student’s educational development. Vigorous intellectual explorations by students may sometimes result in questioning of popular conceptions, and this in turn, may elicit the concern of society at large. One of the axioms upon which our nation was built, however, is that truth needs no protection, but is vital by vigorous debate in a market place where all ideas can be presented and then tested by the reason of free people.

Publications of student groups are encouraged on the campus of Sam Houston State University. However, freedom of inquiry and expression does not confer an absolute right that would give immunity to every possible use of language. Sam Houston State University expects its students to observe the standards of propriety and good judgement in the exercise of such freedom. Students may publish and distribute free material that is not libelous or obscene or that does not promote or encourage the violation of law of the state of Texas or the United States or the disruption of the university’s academic process.

Literature may not be distributed where the manner or form of said distribution constitutes disorderly conduct, disrupts classroom discussion, impedes the maintenance of public order, or constitutes a danger to the person disseminating the material or to any other group or individual.

In order to promote and protect the right of privacy, the distribution of literature or circulation of petitions will not be allowed to captive audiences such as in the classroom buildings, in study areas, or in residential units of the university.

**STUDENT ORGANIZATIONS POLICY**

Sam Houston State University is guided by the precept that in no aspect of its program shall there be differences in the treatment of persons because of race, creed, color, sex or national origin. It is reflected in policies governing programs of extracurricular life and activities. In accordance with this principle along with other published student policies, all organizations will refrain from conducting any pledging, initiation, or other extracurricular activities that will in any way be detrimental, defamatory, ridiculing or embarrassing to any race, color, creed or national origin. All organizations should be well aware of the state of Texas Statute on Hazing.

1. **Statement of Purpose**
   Sam Houston State University recognizes both the right of students to form into organizations and the benefits which can result from membership in groups having similar or common interests or purposes.

   It is the purpose of this document to set forth the procedures by which student organizations can be officially registered, to establish the rights and responsibilities of students acting in a group capacity, and to establish policies and regulations governing all group activities. In addition, administrative and judicial procedures are set forth whereby those registered student organizations and groups accused of violating the policies will be afforded due process, and if appropriate, fair and just penalties. The university may issue regulations governing the eligibility of students for participation in student organizations.

2. **Definition of a Student Organization**

   A student organization consists of at least five students joined together for a common lawful purpose and formally registered with the university.

3. **Rights and Responsibilities of Student Organizations**

   General rights of student organizations are the same as those granted to every citizen of the United States of America under the Bill of Rights. Individuals are subject to the penal and civil statutes of the city, state and federal government; regulations of the Board of Regents; and regulations of the university. The university may suspend recognition of a student organization for violating the Student Organization Policy. When an election is held in a registered student organization, the names of the new officers must be transmitted to the Department of Student Activities within three days after the election.

f. Students who do not meet the minimum GPA requirements at the time of elections may not serve in a leadership capacity. In the event a student is elected to office without the minimum GPA requirements, the organization must hold a re-election immediately. Organizations not meeting the above requirements will be placed on probation and may have their registered status revoked.

g. Each registered organization is expected to include within its constitution and/or bylaws officer eligibility requirements which must at least match those required by the university. An organization may require additional academic requirements it deems appropriate to hold office or membership.

4. Procedure for Formation and Registration of New Organizations

4.1 Permanent Organizations

a. Any group of students having a purpose which is within the policies of this document may be registered with the university. Registration of a campus organization does not constitute endorsement of its program or purpose, but is simply a charter to exist on the university campus and may be withdrawn by the Student Organizations Board according to the specifications of this document.

b. The group will file the Sam Houston State University Student Organization Registration Application with the coordinator of the student organizations as designated by the vice president of student services. The application shall include the organization’s name, the constitution or statement of purpose, name of officers or contact persons, number of members, and intent to affiliate with off-campus organizations.

c. If formation of the organization is not complete at the time of filing of the Sam Houston State University Student Organization Registration Application, the coordinator of student organizations will assist in making arrangements for the organization to use university facilities for a limited amount of time for organizational purposes on a meeting-to-meeting basis until the organizational process is completed and the required information can be filed.

d. At the time of filing, the president or contact person for the organization will sign a statement indicating that he or she is familiar with and will uphold the aforementioned Rights and Responsibilities of Student Organizations (Section 3, Student Organizations
Policy)
e. When the required application forms have been filed with the co-
ordinator of student organizations, the coordinator will contact the
Student Organizations Board to review the application.
After review, the coordinator will notify the president and fac-
culty/staff advisor whether their application has been approved or
denied.
(1) Upon approval of regis-
tration, the application will
be signed by the coordina-
tor of student organizations,
the chairman of the Student
Organizations Board, The
Director of Student Activi-
ties, the Vice President for
Student Services, the Presi-
dent of the University or
his appointed designee, and
returned to the organization
within 10 days as formal
notification of registration.
A copy of the approved ap-
lication will be filed in the
office of the coordinator of
student organizations that the
group is eligible for all of the
rights of registered student
organizations.
(2) Should the Student Or-
ganizations Board feel that the
petitioning organization does
not meet the requirements for
registration, the coordinator
of student organizations will
notify the pending organiza-
tion with the board’s recom-
mendations and its decision
regarding their status. This
notification will be stored on
file in the coordinator’s of-
office. The organization may
then work with the organiza-
tions’ coordinator to review
the requirements for registra-
tion established herein.
4.2 Registration for a Limited Pur-
pose (Ad Hoc Registration).
Registration for a limited purpose
(ad hoc registration) is available for
those groups which want to organize
with some short-term goal in mind,
that is, one which can be accomplished
in less than one academic year. Their
registration will expire on the date indi-
cated on the registration form. It is an-
ticipated that few ad hoc registrations
will be granted. The board’s decision
will be contingent upon the extenuating
circumstances of the application.
4.3 Maintenance of Registered Status.
a. At the beginning of each fall,
spring, and summer semesters,
all student organizations wishing
to maintain their registered status
for that semester will submit to
the coordinator of student organi-
izations (no later than the twelfth
class day) a list of the new of-
cicers, number of members, and the
faculty/staff advisor on the semes-
ter update form provided for that
purpose. Once the information
has been processed, registration
may be automatic.
b. It is only necessary for an orga-
nization to resubmit information
such as an organization’s tax ID
number, copies of the 501 C tax
forms or the organization’s con-
stitution or statement of purpose
when it has been requested by the
coordinator of organizations or
the Director of Student Activities.
Both a National and an SHSU
constitution may be requested.
The organization has 2 business
days to submit the most recent
addition of their constitution and/
or bylaws to the coordinator of
organizations. Any documents
requested by a university official
must be provided within the given
deadline.
c. Should the Organizations Board feel that the organization does not meet the requirements for continued registration, the coordinator of organizations will provide the necessary information to the student representatives and the organization advisor. Copies of this information will also be filed in the coordinator’s office. The organization may then request through the coordinator a meeting with the Organizations Board to appeal the decision. The coordinator will assist in making provision for the group to continue to use university facilities for a designated period of time.

4.4 Administrative Discipline.

a. Any member of the university community may file a complaint against a registered student organization when he or she feels that the organization has failed to comply with the Rights and Responsibilities of Student Organizations. The complaint may be registered with the coordinator of organizations, the Dean of Students or his/her designate the vice president for student services or designated appointee. If the vice president for student services or designated appointee investigates the complaint, the results will be reported to the Dean of Students’ Office. The Dean of Students’ may hear the case or refer it to the coordinator of organizations. If the incident is referred the coordinator of organizations will convene the Student Organizations Board who will determine the validity of the complaint by a two-thirds vote with all members voting. In the event that such a complaint is deemed valid, the coordinator will notify the organization in writing of the charge against it and will set up a hearing before the board.

b. The organization’s hearing before the Student Organizations Board is informal and within fair and properly established procedures of due process. It provides a hearing for the organization’s president, the faculty/staff advisor, persons who committed the alleged violation, witnesses, charges, defenses, rebuttal evidence, and arguments. The discipline committee shall consist of the organizations board and the Director of Student Activities. At the conclusion of the hearing, the committee shall deliberate in private to determine if the group is responsible for any violation(s) of the Rights and Responsibilities of Student Organizations, and may dismiss the charges or take any of the action outlined in Section 5.2e. The organization shall be informed in writing, within 3 class days, of the decision by the organizations coordinator, and a copy of the decision shall be made a part of the organization’s file in the office of the coordinator. The decision of the board is final.

4.5 Organization Changes.

AIDS POLICY

Sam Houston State University seeks to minimize the HIV/AIDS health risk on campus. To prevent the spread of AIDS, Sam Houston State University has adopted an educational program aimed at increasing faculty, staff, and student awareness. The university will respond to each AIDS case on an individual basis subject to prevailing medical research and current legal opinion, using as a guide the American College Health Association’s General Statements on Institutional Response to AIDS. The University Health Center is the designated central source for AIDS educational materials, information regarding AIDS testing, counseling, and referral for medical care. In the event that a student, or a faculty or staff member, is known to have AIDS or is medically diagnosed as a carrier of the HIV virus, the university physician will make appropriate recommendations as may be medically necessary. The welfare of the student and the prevention of transmission of the disease are of primary concern in such cases. Students who fail to abide by such conditions and are found to endanger themselves or the campus community by such noncompliance, may be referred to the university Crisis Team. University employees who fail to abide by such recommendations will be subject to disciplinary actions on the same basis as any other work rule violation. The patient’s rights of nondiscrimination, privacy and confidentiality shall be honored as provided for under State and Federal law. Because of the extensive medical research currently under way on AIDS and the additional medical evidence which may become available with regard to AIDS, this policy statement is subject to change. Nothing herein shall be construed as an assumption of risk or of other legal responsibility by Sam Houston State University for the health or welfare of any individual beyond the limits of previously existing university policy or State law.

DRUG-FREE WORKPLACE POLICY

The SHSU Drug-Free Workplace Policy prohibits the unlawful possession, use, or
distribution of drugs and alcohol by employees on university property or as any part of the university activity.

The unlawful use, possession, or distribution of drugs or alcohol will result in a disciplinary penalty of disciplinary probation, demotion, suspension without pay, or termination, depending upon the circumstances.

The SHSU Drug Awareness program is a three part program to inform employees about:

**FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974**

1. Access to Records

Compliance with the Family Educational Rights and Privacy Act requires that a university policy be provided to eligible students upon request. (Subpart A Section 99.5) The following information complies with this act. The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

(1) The right to inspect and review the students’ education records within 45 days of the day the university receives a request for access.

Students should submit to the registrar, dean, head of the department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The university official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the university official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

(2) The right to request amendment of the student’s education records that the student believes are inaccurate or misleading.

Students may ask the university to amend a record that they believe is inaccurate or misleading. They should write the university official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the university decides not to amend the record as requested by the student, the university will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedure will be provided to the student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits dis-

A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility.

Upon request, the university discloses education records without consent to officials of another school, in which a student seeks or intends to enroll. [Note: FERPA requires an institution to make a reasonable attempt to notify the student of the records request unless the institution states in its annual notification that it intends to forward records on request. Instances of alleged retaliation shall be investigated pursuant to the procedures of this policy.

SANCTIONS — University sanctions for violations of this policy may include any disciplinary action listed in section 5.9 of the Code of Student Conduct and Discipline. As required by Title IX, the university will use a preponderance of the evidence standard (i.e., it is more likely than not that sexual harassment, discrimination, or violence occurred) when investigating allegations of sexual harassment or violence. Unlawful discrimination and sexual harassment are illegal under state and federal law. Official governmental investigations by the Equal Employment Opportunity Commission, the Texas Commission on Human Rights, and/or the Office of Civil Rights of the Department of Education may result in civil lawsuits against any person guilty of unlawful discrimination or sexual harassment.

3. GUIDELINES
3.01 If a student resigns from the 1st class day through the 12th class day (4th class day in the summer), no record of the resignation will appear on the student’s academic record.
3.02 If a student resigns after the 12th class day (4th class day in the summer) and prior to taking any final examination, a record of the resignation will appear on the student’s academic record with a mark of “W.”
3.03 To resign (officially withdraw) from the University, a student must either report to the Registrar’s Office to complete a Resignation Request or use the online resignation form.
3.04 The resignation becomes effective on the date the form is received by the Registrar’s Office. This date will be used for determining any eligible refund.
3.05 The Refund Policy of the University is directed by the Texas Education Code, Section 54.006.

4. REQUEST TO WITHDRAW AFTER DEADLINE BASED ON EXTENUATING CIRCUMSTANCES
4.01 A resignation request after the deadline will be considered where, in the University’s judgment, the student has demonstrated extenuating circumstances such as incapacity due to a significant personal injury or to an injury and/or illness requiring an extensive period of recuperation; a significant personal emergency; or inability to contact the University by the deadline because of a medical or personal emergency.
4.02 The student will need to make this request in writing to the academic dean of the major field of study.
4.03 Written verification of emergency must be provided by a physician, hospital, etc. Death in the immediate family may be verified by an obituary notice or a memorial folder.
4.04 The student will be notified of the

STUDENT RESIGNATION POLICY

1. PURPOSE
To establish a standard procedure for the processing of student resignations from the University.

2. DEFINITION

dean’s decision.

4.05 The student may appeal the dean’s decision to the Office of the Provost and Vice President for Academic Affairs.

**TUITION REBATES FOR CERTAIN UNDERGRADUATES**

(a) A qualified student is eligible for a rebate of a portion of the undergraduate tuition the student has paid if the student:

1. is awarded a baccalaureate degree from a general academic teaching institution within the period prescribed by Section 56.462(1)(A) or (B), as applicable, to qualify for forgiveness of a Texas B-On-time loan; and
2. has attempted no more than three hours in excess of the minimum number of semester credit hours required to complete the degree, including:
   - (A) transfer credits; and
   - (B) course credit earned exclusively by examination, except that, for purposes of this subsection, only the number of semester credit hours earned exclusively by examination in excess of nine semester credit hours is treated as hours attempted.

(b) The amount of tuition to be rebated to a student under this section is $1,000, unless the total amount of undergraduate tuition paid by the student to the institution of higher education awarding the degree was less than $1,000, in which event the amount of tuition to be rebated is an amount equal to the amount of undergraduate tuition paid by the student to the institution.

However, a student who paid the institution awarding the degree an amount of undergraduate tuition less than $1,000 may qualify for an increase in the amount of the rebate, not to exceed a total rebate of $1,000, for any amount of undergraduate tuition the student paid to other institutions of higher education by providing the institution with proof of the total amount of that tuition paid

c) A student who has transferred from another institution of higher education shall provide the institution awarding the degree an official transcript from each institution attended by the student in order that the period during which the student has been enrolled in a general academic teaching institution and the total number of hours attempted by the student can be verified.

d) To qualify for a rebate under this section, the student must have been a resident of this state and entitled to pay tuition at the rate provided by this chapter for a resident student at all times while pursuing the degree.

e) All institutions of higher education shall notify each first-time freshman student of the tuition rebate program.

(f) The institution awarding the degree shall pay the rebate under this section from local funds.

g) If a student entitled to a rebate under this section has an outstanding student loan, including an emergency loan, owed or guaranteed by this state, including the Texas Guaranteed Student Loan Corporation, the institution shall apply the amount of the rebate to the student’s loan. If a student has more than one outstanding loan, the institution shall apply the amount of the rebate to the loans according to priorities established by the coordinating board. If the amount of the rebate exceeds the amount of the loan indebtedness, the institution shall pay the student the excess amount.

(h) The legislature shall account in the General Appropriations Act for the rebates authorized by this section in a way that provides a corresponding increase in the general revenue funds appropriated to the institution. It is the intent of the legislature that rebates authorized by this section shall be financed by savings to the state resulting from reductions in the number of courses taken by undergraduate students.
(i) The coordinating board, in consultation with the institutions of higher education, shall adopt rules for the administration of this section, including a rule to allow an otherwise eligible student to receive a rebate under this section if the student is not awarded a baccalaureate degree within the period required by Subsection (a)(1) solely as a result of a hardship or other good cause. The performance of active duty military service by a student shall be recognized as “good cause” for purposes of this section.

Sam Houston State University provides this report to comply with the Students Right To Know and Campus Security Act of 1990. Sam Houston State University is a state-assisted institution of higher education located in Huntsville, Texas. The campus, including its agriculture facilities, consists of approximately 225 acres in and outside the city of Huntsville, Texas, which has a
population of approximately 35,000. The university enrolls approximately 15,000 students supported by 1,500 faculty and staff.

STUDENT RIGHT TO KNOW

The Student Right to Know and Campus Security Act, in Section 103, Title I requires institutions to provide information about the completion or graduation rate of degree seeking, full time undergraduate students entering the institution. In place of completion or graduation rates, institutions may elect to publish the percentage of students in each entering class who re-enroll each successive year until completion or graduation. These are called persistence rates. SHSU has elected to provide both forms of information.

The persistence rates for first time freshmen who entered Sam Houston State University in summer or fall semester and also who were enrolled for 12 or more hours of credit during their first fall semester.

The annual security report may be accessed on the University Police Department website www.shsu.edu/~upd_www/

DISCLOSURE OF CAMPUS SECURITY POLICY AND CAMPUS CRIME STATISTICS

Title II, § 204(A-I), Crime Awareness and Campus Security Act, provides for disclosure of the following:

Reporting Crimes and Emergencies

[§ 204(A)] All criminal offenses that occur on campus should be reported to the University Police Department immediately. The Sam Houston State University Police is operational twenty-four hours a day, year around. University Police is housed on campus. You have easy access either by telephone, (936) 294-1794, or by going to the University Police Building, Sam South, located at 843 South Sam Houston Avenue. This location is clearly marked on university campus maps. University Police officers are licensed police officers and are trained to respond to criminal actions or other emergencies that may occur on campus. All University Police reports are entered into computers and are printed on approved standard forms for criminal offense. A copy of every University Police offense report is forwarded to the Dean of Students’ Office.

Emergency Call Boxes and Telephones

The university currently has sixteen emergency free standing call boxes located at strategic locations on campus. In addition, most residence halls have emergency telephone boxes outside the main entrance to the halls. The call boxes allow direct communication with the police department and provide a rapid means for reporting emergencies and crimes, in addition to requesting police assistance. University telephones, after punching “9” for an outside line, may be used to dial 911 (i.e., 9,911).
Access to Campus Facilities

[§ 204(B)] Section 51.209 of the Texas Educational Code states “The governing board of a state institution of higher education or its authorized representatives may refuse to allow persons having no legitimate business to enter on property under the board’s control, and may eject any unauthorized person from the property on his refusal to leave peaceably on request. Identification may be required of any person on the property.” It is advised that members of the university community should have their university issued identification card with them at all times. The Sam Houston State University Police have been vested with the above authority by the Board of Regents.

Patrol of Campus, Student Patrol, & Hall Safety Personnel

Uniformed University Police officers patrol the campus area 24 hours each day in marked police units with a superior police radio system. In addition, during the day, uniformed student parking control personnel are on patrol in the parking areas; each person is issued a two-way radio for contact within the university police system. In the evening and early morning hours there are uniformed student foot patrol personnel patrolling the main campus who will provide escort service to anyone whom may be concerned with their safety. The university assigns housing safety personnel to each housing facility to unlock the entry for the residents. The housing units are locked from 11:00 p.m. - 7:00 a.m., except on Saturday when the buildings are locked at 1:00 a.m. Residents must have a key or be admitted by the housing safety personnel on duty. Housing managers and residents assistants are on duty in the Housing Units.

Security Camera System

In an effort to reduce unwanted activity and provide a safe environment, SHSU has chosen to implement a closed circuit video surveillance system. The primary function of these surveillance systems will be to assist the University Police Department in crime deterrence and investigations. This requires the ownership and operation of these systems to be directed by the University Police Department, with assistance from the University community. Signs will be posted in all public areas covered by the surveillance system. These signs are intended to provide persons notification that their activity is being recorded. Access to live video feeds and archival data will be regulated by the University Police Department. Copies of the video archives shall not be disclosed to persons outside of the University Police Department without the Police Department’s prior written approval. The University Police Department retains control over any device used to monitor or record locations on the University Campus. Any unauthorized recording devices can be considered a violation to a person’s right to privacy, and may be confiscated by the University Police Department and appropriate disciplinary action taken.

Electronic Alarm System

The University Police monitor a comprehensive system of intrusion and fire alarms.

Surveys

The University Police conduct surveys of security and safety of buildings throughout the year, an annual lighting survey of the campus, and an annual survey to see that shrubbery, trees and vegetation are properly trimmed.

Crime Victims Assistance

The SHSU Crisis Team is available to assist crime victims and family members in dealing with the emotional and psychological aftermath of violent crime. The SHSU Crisis Team may be reached by contacting the University Police Department at (936) 294-1794.

Emergency Physical Plant Services

The Physical Plant has an emergency after normal hours call out policy for maintenance and repair for educational and non-residence
buildings on campus. These calls are received and processed through the University Police dispatcher. In residence halls, the hall director will determine if the physical plant personnel should handle the emergency. The responding physical plant personnel shall sign in at the University Police Department. In most cases this should be before responding to the emergency call. However, if this would cause an unnecessary delay resulting in further damages, injuries, losses, etc., the craftsmen may log in at the University Police upon completion of the emergency work. Every craftsman who is called out will log his or her arrival and exit times with the University Police. A call-out sheet is provided to the University Police for the purpose of logging all information regarding an emergency call-out. Physical Plant personnel will at all times, while on duty wear their photo identification badge in a manner that it is plainly visible to others.

**Law Enforcement Authority**

[§ 204(C)(i)] University Police officers have full law enforcement authority on property owned and controlled by the university, including streets contiguous to and running through the campus. University Police officers are licensed “Peace Officers” by the state of Texas. University Police officers are authorized by State statute to enforce federal and state laws within their jurisdiction, in addition to rules and regulations issued by the Board of Regents of Sam Houston State University on property under the control and jurisdiction of Sam Houston State University. Under Section 51.203, Texas Education Code; Campus Peace Officers, states in part, “The governing boards of each state institution of higher education and public technical institute may employ and commission peace officers for the purpose of carrying out the provisions of this subchapter. The primary jurisdiction of a peace officer commissioned under this section includes all counties in which property is owned, leased, rented, or otherwise under the control of the institution of higher education or technical institute that employs the peace officer or otherwise in the performance of their duties.”

The University Police enjoy a good working relationship with federal, state, local, city and county law enforcement authorities. The University Police Department’s working relationship with other area law enforcement agencies ensures that crimes and alcohol violations at these off-campus sites may be reported to the University Police.

**Code of Conduct Requirement**

[§ 204(C)(ii)] Sam Houston State University’s Code of Student Conduct and Discipline 5.1, Acquaintance with Policies, Rules, and Regulations, states the following: Each student is expected to be fully acquainted with all published policies, rules, and regulations of the university, copies of which shall be available to each student for review in a specific place on each campus. The university will hold each student responsible for compliance with these policies, rules, and regulations. Students are also expected to comply with all federal and state laws. THIS PRINCIPLE EXTENDS TO CONDUCT OFF CAMPUS WHICH IS LIKELY TO HAVE AN ADVERSE EFFECT ON THE UNIVERSITY OR ON THE EDUCATIONAL PROCESS.

**Rights and Responsibilities on Campus**

Students, faculty, staff, and visitors are expected to maintain standards of personal discipline that are in harmony with the educational goals of Sam Houston State University, to observe federal, state, and local laws, university rules and regulations, and to respect the rights, privileges, and property of others. Students, staff, and faculty are encouraged to give accurate information to the University Police when reporting crimes, as The Texas Penal Code, Chapter 37., Section 37.08. False Report to Peace Officer, states: (a) A person commits an offense if he: (1) reports to a peace officer an offense or incident within the officer’s concern, knowing that the offense or incident did not occur; or (2) makes a report to a peace officer relating
to an offense or incident within the officer’s concern knowing that he has no information relating to the offense or incident. An offense under this section is a Class B misdemeanor.

Filing a false report to the University Police could place a student in violation of the Code of Student Conduct and Discipline, under section 5.2, (1). The University Police may request a copy of an offense report from any law enforcement agency, if such report reflects conduct of a student which is deemed to have an adverse effect on Sam Houston State University or the educational process. The University Police may forward a report regarding such incident to the Dean of Students’ Office.

Security Awareness and Presentations

[§ 204(D)] An example of the type of information given to students during each semester is provided below. This information is presented by the Residence Life Department during their housing unit group meetings with residents. Officers meeting with students on campus supply this information also. This type information is also published in the campus newspaper. Dean of Students personnel also discuss this information at all orientation sessions for new students.

Crime Prevention on Campus

If a crime is to be committed, the offender must have the desire, ability, and opportunity to commit the crime. Law enforcement can do little to remove the offender’s desire and ability to commit crimes, but together WE can remove the element of opportunity. THIS IS CRIME PREVENTION. Together we can remove the temptation of opportunity by taking a few simple precautions.

Protect Your Property:
1. Lock your residence every time you leave, even for a short time. This includes your motor vehicle.
2. Do not leave valuables lying out in the open or in unlocked vehicles.
3. Engrave your driver’s license number on all valuable property.
4. Record the serial numbers and brand names of all property of value.

Protect Yourself:
1. Lock your doors when you take a nap or retire for the evening. Do not block open entry doors to residence halls after hours.
2. Require identification before admitting someone unfamiliar into your residence or your vehicle.
3. Avoid walking alone at night, if possible, and stay on lighted routes.
4. Report suspicious persons or circumstances. This could stop a crime before it happens. You may offer confidential assistance to the University Police directly or through the Dean of Students’ Office.

Crime Prevention is important to the campus community and you can help by reporting any crime or suspected crime to your University Police immediately. By doing so, you may be preventing someone from becoming a victim of a serious crime.

Crime Prevention Programs and Other Law Enforcement Interaction

[§ 204(E)] Throughout the academic year there will be group programs and individual counseling on crime prevention presented by the University Police, Huntsville Police, the local Sheriff’s Department, Residence Life, and the Dean of Students’ Office. There are also programs given by the College of Criminal Justice.

Disseminating Information on Campus Crime

The university has taken measures to ensure that the university community is fully aware of campus crime. These measures include:

Media Relations: Public Information prepares news release on crimes for distribution to campus and Huntsville news media or U.P.D. web page at www.shsu.edu/~upd_www/.

University Newspaper: The Houstonian carries stories on serious criminal offenses. Crime Stoppers: Huntsville Police, working with the University Police, develop Crime Stoppers information for local news media.
Monitoring of Criminal Activity

[§ 204(G)] The Dean of Students’ Office attempts to monitor any criminal activity of off-campus student organizations which are recognized by the institution and that are engaged in by students attending the institution, including those student organizations with off-campus housing facilities. Refer to university’s Code of Student Conduct and Discipline 5.1, which states in part, Students are also expected to comply with all federal and state laws. THIS PRINCIPLE EXTENDS TO CONDUCT OFF CAMPUS WHICH IS LIKELY TO HAVE AN ADVERSE EFFECT ON THE UNIVERSITY OR ON THE EDUCATIONAL PROCESS.

Nonviolent Crimes Reported, Sam Houston State University Campus

Under Texas Penal Code § 46.03 “Places Weapons Prohibited,” it is a FELONY OFFENSE to go on a school or educational institution with a firearm.

DRUG FREE SCHOOLS AND COMMUNITIES

STANDARDS OF CONDUCT

Section 5.9 (20) of Chapter VI of the Rules and Regulations of the Board of Regents, Texas State University System provides for disciplinary action against any student who engages in conduct that is prohibited by state, federal, or local law and for illegal use and for unauthorized use of intoxicating beverages, and illegal use of any drug, narcotic or controlled substance.

A student who, by a preponderance of the evidence, under these Rules and Regulations, is found to have illegally possessed, used, sold or distributed any drug, narcotic, or controlled substance, whether the infraction is found to have occurred on or off campus, shall be subject to discipline, ranging from mandatory, university or college approved counseling to expulsion. Mitigating or aggravating factors in assessing the proper level of discipline shall include, but not necessarily be limited to, the student’s motive for engaging in the behavior; disciplinary history; effect of the behavior on safety and security of the university or college community; and the likelihood that the behavior will recur. A student who has been suspended, dismissed, probated or expelled from any system component shall be ineligible to enroll at any other system component during the applicable period of discipline. The registrar of each component is authorized to make an appropriate notation on the student’s transcript to accomplish this objective and to remove the notation when the student’s disciplinary record has been cleared. A second infraction for a drug-related offense shall result in permanent expulsion from the component and from all other institutions in The Texas State University System.

The Sam Houston State University Drug-Free Work Place Policy (ER-10), which became effective March 1989, prohibits the unlawful use, possession, or distribution of illicit drugs and alcohol by employees. University employees who violate this prohibition are subject to the sanctions set out in the policy, including possible discharge.

HEALTH RISKS OF ALCOHOL AND DRUGS

Alcohol

Alcohol consumption causes a number of marked changes in behavior. Even low amounts significantly impair the judgment and coordination required to drive a car safely. Low to moderate doses of alcohol also increase the incidence of a variety of aggressive acts. Moderate to high levels of alcohol cause marked impairments in higher mental functions, severely altering a person’s ability to learn and remember information. Very high levels cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower levels of alcohol use can lead to dependence on alcohol. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucina-
Alcohol withdrawal can be life threatening. Long term consumption of large quantities of alcohol can lead to permanent damage to vital organs such as the brain and the liver. Prolonged alcohol abuse causes bleeding from the intestinal tract, damage to nerves and the brain, psychotic behavior, loss of memory and coordination, damage to the liver often resulting in cirrhosis, impotence, severe inflammation of the pancreas, and damage to the bone marrow, heart, testes, ovaries, and muscles. Damage to the nerves and organs is usually irreversible. Cancer is the second leading cause of death in alcoholics and is 10 times more frequent than in non-alcoholics. Females who drink during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at a greater risk than other children of becoming alcoholics. In addition, research indicates that children of alcoholic parents are at a greater risk than other children of becoming alcoholics.

**Tobacco (Nicotine)**

The smoking of tobacco products is the chief avoidable cause of death in our society. Smokers are more likely than nonsmokers to contract heart disease. Some 30 percent of cancer deaths are linked to smoking. Chronic obstructive lung diseases such as emphysema and chronic bronchitis are 10 times more likely to occur among smokers than among nonsmokers. Smoking during pregnancy poses serious risks such as spontaneous abortion, preterm birth, low birth weights, and fetal and infant deaths. Because nicotine is highly addictive, addicts find it very difficult to stop smoking. Fewer than 20 percent of typical smokers succeed in stopping on the first try.

**Designer Drugs**

Illegal drugs are defined in terms of their chemical formulas. To circumvent these legal restrictions, underground chemists modify the molecular structure of certain illegal drugs to produce analogs known as designer drugs. These drugs can be several hundred times stronger than the drugs they are designed to imitate. Many of the so-called designer drugs are related to amphetamines (MDMA, X, speed). Bootleg manufacture creates overdose and contamination risks. These substances can produce severe neurochemical damage to the brain. The narcotic analogs (fentanyl, china white) can cause symptoms such as those seen in Parkinson’s disease: uncontrollable tremors, drooling, impaired speech, paralysis, and irreversible brain damage. Analogs of amphetamines and methamphetamines cause nausea, blurred vision, chills or sweating, and faintness. Psychological effects include anxiety, depression and paranoia. As little as one dose can cause brain damage. The analogs of phencyclidine cause illusions, hallucinations, and impaired perception.

**Cocaine**

Cocaine stimulates the central nervous system. The use of cocaine can cause death by cardiac arrest or respiratory failure. Its immediate effects include dilated pupils and elevated blood pressure, heart rate, respiratory rate, and body temperature. Occasional use can cause a stuffy or runny nose, while chronic use can ulcerate the mucous membrane of the nose. Injecting cocaine with contaminated equipment can increase the risk of AIDS, hepatitis, and other diseases. Cocaine can produce psychological and physical dependency, a feeling that the user cannot function without the drug. In addition, tolerance develops rapidly. Crack or freebase rock is extremely addictive, and its effects are felt within ten seconds. The physical effects include dilated pupils, increases pulse rate, elevated blood pressure, insomnia, loss of appetite, tactile hallucinations, paranoia, and seizures.

**Other Stimulants**

Stimulants can cause increased heart and respiratory rates, elevated blood pressure, dilated pupils, and decreased appetite. In ad-
dition, users may experience sweating, headaches, blurred vision, dizziness sleeplessness, and anxiety. Extremely high doses can cause a rapid or irregular heartbeat, tremors, loss of coordination, and even physical collapse. An amphetamine injection creates a sudden increase in blood pressure that can result in stroke, very high fever, or heart failure. In addition to the physical effects, users report feeling restless, anxious and moody. Higher doses intensify the effects. Persons who use large amounts of amphetamines over a long period of time can develop an amphetamine psychosis that includes hallucinations, delusions and paranoia.

**Anabolic Steroids**

Anabolic steroids are a group of powerful compounds closely related to the male sex hormone testosterone. Steroid users subject themselves to more than 70 side effects ranging in severity from liver cancer to acne, as well as psychological as well as physical reactions. The liver and cardiovascular and reproductive systems are most seriously affected by steroid use. In males, use can cause withered testicles, sterility, and impotence. In females, irreversible masculine traits can develop along with breast reduction and sterility. Psychological effects include very aggressive behavior known as “roid rage” and depression. While some side effects appear quickly, others, such as heart attacks and strokes, may not show up for years.

**Hallucinogens or Psychedelics**

Lysergic Acid (LSD), mescaline, peyote, and phencyclidine (PCP or “angel dust”) cause illusions and hallucinations, and their use impairs and distorts one’s perception of surroundings, causes bizarre mood changes and results in visual hallucinations that involve geometric forms, colors, and persons or objects. The physical effects may include dilated pupils, elevated body temperatures, increased heart rate and blood pressure, loss of appetite, sleeplessness, and tremors. It is common to have bad psychological reactions to LSD, mescaline, and psilocybin. The user may experience panic, persistent memory problems, and speech difficulties. Users who discontinue use experience “flashback” consisting of distortions of virtually any sensation for long periods after discontinued use. Mood disorders, such as depression, anxiety and violent behavior, also occur. In later stages of chronic use, users often exhibit paranoid and violent behavior. Large doses may produce convulsions and coma, as well as heart and lung failure. Withdrawal may require psychiatric treatment for the accompanying persistent psychotic states. Suicide is not uncommon.

**Solvent Inhalants, e.g., Glue, Lacquers, Plastic Cement**

The immediate negative effects of inhalants include nausea, sneezing, coughing, nosebleeds, fatigue, lack of coordination, and loss of appetite. Solvents and aerosol sprays also decrease the heart and respiratory rates and impair judgement. Amyl and butyl nitrite cause rapid pulse, headaches, and involuntary passing of urine and feces. Long term use may result in hepatitis or brain damage. Deeply inhaling the vapors, or using large amounts over a short time, may result in disorientation, violent behavior, unconsciousness, or death. High concentrations of inhalants can cause suffocation by displacing the oxygen in the lungs or by depressing the central nervous system to the point that breathing stops. Long term use can cause weight loss, fatigue, electrolyte imbalance, and muscle fatigue. Repeating sniffing of concentrated vapors over time can permanently damage the nervous system. Fumes from these substances cause problems similar to alcohol. Incidents of hallucinations and permanent brain damage are more frequent.

**Marijuana (Cannabis)**

All forms of cannabis have negative physical and mental effects. Use of cannabis may impair or reduce short-term memory and comprehension, alter sense of time and reduce ability to perform tasks requiring con-
centration and coordination, such as driving a car. Research also shows that students do not retain knowledge when they are “high.” Motivation and cognition may be altered, making the acquisition of new information difficult. Marijuana can also produce paranoia and psychosis. Because users often inhale the unfiltered smoke deeply and then hold it in their lungs as long as possible, marijuana is damaging to the lungs and pulmonary system. Marijuana smoke contains more cancer causing agents than tobacco smoke. Long term users of cannabis may develop psychological dependence and require more of the drug to get the same effect. The drug can become the center of their lives.

**Narcotics**

Narcotics initially produce a feeling of euphoria that often is followed by drowsiness, nausea, and vomiting. Users may experience constricted pupils, watery eyes, and itching. An overdose may produce slow and shallow breathing, clammy skin, convulsions, coma, and possible death. Tolerance to narcotics develops rapidly and dependence is likely. The use of contaminated syringes may increase the risk of such diseases as AIDS, endocarditis, and hepatitis. Addiction in pregnant women can lead to premature, stillborn, or addicted infants who experience severe withdrawal symptoms.

**UNIVERSITY PENALTIES**

**Students**

The university will impose a minimum disciplinary penalty of suspension for a specified period of time or suspension of rights and privileges, or both, for conduct related to the use, possession, or distribution of drugs that are prohibited by state, federal, or local law. Other penalties that may be imposed for conduct related to the unlawful use, possession, or distribution of drugs or alcohol include disciplinary probation, payment for damage to or misappropriation of property, suspension of rights and privileges, suspension for a specified period of time, expulsion, or such other penalty as may be deemed appropriate under the circumstances.

**Employees**

The unlawful use, possession, or distribution of drugs or alcohol will result in a disciplinary penalty of disciplinary probation, demotion, suspension without pay, or termination, depending upon the circumstances.

**AVAILABLE DRUG COUNSELING OR REHABILITATION SERVICES**

**CAMPUS SERVICES**

**Students**

The university Counseling Center is available to assist students in dealing with alcohol and substance abuse problems. Confidential treatment, education, and referrals are available to students at no cost. The Counseling Center may be reached by dialing (936) 294-1720.

**Employees**

The Texas State University System group health insurance program provides for treatment of drug and alcohol abuse for all benefits eligible employees. Human Resources Department will provide assistance to employees seeking treatment for drug or alcohol abuse.

IMPORTANT INFORMATION FROM YOUR UNIVERSITY HEALTH CENTER

IMMUNIZATION IS AN INTEGRAL PART OF YOUR HEALTH CARE

Although Sam Houston State University does not have mandatory immunization requirements at this time, we encourage all students entering the university to check immunization records to ensure that they have met all of the minimum requirements for these immunizations.

Measles (Rubella, Red Measles, Hard Measles, 10-Day Measles)
Measles is a highly contagious viral disease. Antibiotics are not available to treat persons infected with this organism. Recent outbreaks of this illness have resulted in hospitalization and some deaths among college-aged persons. For these reasons it is strongly recommended that students in Texas have two doses of the vaccine prior to entering college. Most young adults have had only one dose. The measles vaccine is most often given in combination with the vaccines for mumps and rubella, which are also caused by viruses. This combination vaccine is referred to as MMR (Measles, Mumps, and Rubella).

Tetanus (Lockjaw)
The illness caused by tetanus results from the poison produced by bacteria. Again, this is a very difficult illness to treat once it occurs and prevention is the most appropriate choice. The vaccine is effective for about 10 years and needs to be boosted at that interval. The tetanus vaccine should be given in combination with the diphtheria vaccine.

Poliomyelitis (Polio)
In the United States, polio immunization is not routinely recommended for people 8 years of age or older. However, if travel to other parts of the world is planned, a physician should be contacted for specific recommendations.

Tuberculosis (TB)
Due to the reappearance of tuberculosis as a major public health issue in the United States and particularly Texas, it is recommended that all students have a yearly Mantoux skin test to assure that they are free of the disease. Main symptoms are persistent heavy cough, cough with sputum or blood, fatigue, distressed breathing, fever, or weight loss. Students doing observation, volunteer work, field placement, student teaching, or employment in a Texas school district, correctional facility or medical facility will be required to have a negative TB test before entering some placement sites.

Varicella (Chickenpox)
Varicella is a highly contagious virus of the herpes family that is spread by coughing and sneezing. The symptoms include a skin rash of blister-like lesions, usually on the face, scalp, or trunk with an increased potential for serious complications in children 13 or older and adults.

Hepatitis B
Hepatitis B is caused by a virus that attacks the liver. It is spread by exposure to contaminated blood or body fluids. This virus (HBV) can cause lifelong infection, cirrhosis of the liver, liver cancer, liver failure, and death. HBV is spread when blood from an infected person enters the body of a person who is not infected. Hepatitis B vaccine is available for all age groups to prevent Hepatitis B virus infection.

Meningitis
Meningitis is an infection of the fluid of a person’s spinal cord and the fluid that surrounds the brain. People sometimes refer to it as spinal meningitis. Meningitis is caused by a viral or bacterial infection. Viral meningitis is generally less severe and resolves without specific treatment, while bacterial meningitis can be quite severe and may result in brain damage, hearing loss, learning disability, or even death. Bacterial meningitis is spread through the exchange of respiratory and throat secretions (i.e., coughing, kissing).

Symptoms may include high fever, headache, and stiff neck, nausea, vomiting, disorientation looking into bright lights, confusion, and sleepiness. Early diagnosis and treatment are very important. If symptoms occur, the patient should see a doctor immediately. There are vaccines against some types of meningitis. The vaccine is required for all new incoming college students residing in residence halls.

Influenza
The flu is a contagious respiratory illness caused by influenza viruses. It can cause mild to severe illness, and at times can lead to death. Symptoms of flu include fever, headache, extreme tiredness, dry cough, sore throat, runny or stuffy nose, and muscle aches. The best way to prevent this illness is by getting a flu vaccination each fall.

Vaccine Availability
The Health Center can provide most of these immunizations and tests at a reduced rate. For more information on immunizations contact the University Health Center at 294-1805.

The absence of mandatory immunization requirements at Sam Houston State University is, by no means, an indication of their importance. On the contrary, immunization can mean the difference between life and death. Students are strongly encouraged to review their immunization records to ensure they have received the following vaccines recommended by the American College Health Association (ACHA).
The table below is the Texas Board of Health immunization requirement for any student doing an internship in a health care facility of any kind as part of their educational program. These Allied Health students must have the following immunizations prior to their entering the health care facility. These immunizations are not required at this time for the general student population of Sam Houston State University. However, each student at Sam Houston State University is urged to use this table to determine their individual immunity to the diseases below. If you do not meet each of the criteria in the “Schedule for Immunization,” we recommend that you update your immunizations immediately.

UNDERSTANDING AND PREVENTING HIV/AIDS INFECTION

ABCs of STDs
A sexually transmitted disease (STD) is a disease caused by a virus or bacteria spread through direct sexual contact (vaginal, oral, or anal sex) from person to person. STDs can affect both males and females of all ages, backgrounds, and races.

There are many STDs, but some of the more common forms include Gonorrhea, Syphilis, Chlamydia, HIV, HPV, and Genital Herpes. These diseases are transmitted through body fluids such as blood, semen, and vaginal secretions or contact with an infected lesion. STDs may be transmitted from male to male, female to male, female to female, and male to female during any type of sexual activity.

STDs can cause permanent health problems such as infertility, chronic pelvic pain, ectopic or tubal pregnancies, chronic painful sores and blisters on the genitals, genital warts, cancer and even death. A person’s behavior determines the probability of risk that they will become infected.

Your behavior—Your responsibility
Sexual abstinence is the only 100% effective way of avoiding STDs and unplanned pregnancies. Abstinence until marriage is an acceptable practice among college students. In fact, we strongly promote this choice.

However, some students will not choose abstinence and will engage in sexual activity. For these students, we encourage them to take certain steps to reduce the probability of STDs, unplanned pregnancies, and other possible consequences of sexual activity. These steps include:

1. Use protection — Always use protection if you are sexually active. Proper use of LATEX condoms containing spermicidal lubricant reduces the risk for STDs and unplanned pregnancies. Please note that condoms reduce, but do not eliminate the risk.

2. Limit the number of sexual partners. A mutually monogamous relationship between two uninfected people reduces the risk of contracting an STD. However, protection should still be used.

3. Do not pressure someone into having sex and do not allow someone to pressure you. Having sex with someone that has not or cannot give consent is a criminal offense.

4. Avoid all drugs. Alcohol and other drugs affect your judgment and reduce your inhibitions making it more likely that one will make unwise choices.

5. THINK OF THE CONSEQUENCES OF YOUR ACTIONS! A bad decision regarding sexual activity could leave you dealing with an STD, unplanned pregnancy, legal problems, and/or regrets.

Get Tested
It is important to know your status. STD testing is recommended for those who have engaged in ANY form of sexual activity. In addition to getting tested, talk to your partner about STDs before you make a decision regarding sexual activity. Learn about your partner’s past behaviors (sex and drug use), and consider the consequences and risks to your health if you choose to engage in sexual activity. Ask your partner if they have recently been tested for STDs including HIV; if not encourage them to do so. Again, if you choose to engage in sexual behavior, use a latex condom every time. It is important that you seek treatment if you believe that you may have been exposed to a STD. STDs can increase your risk of contracting HIV.

Remember that abstaining from sexual activity is the only 100% effective way to avoid STDs and unplanned pregnancies. However, if you make the decision to have sex, take control of your health, get tested and know your status.

For further information on STD testing, contact the Health Center at (936) 294-1805.
